Private School Plan Shelved In Little Rock

LITTLE ROCK, Ark. (AP)—An attempt to reopen the closed Little Rock high schools now on a private segregated basis was abandoned today.

A spokesman for a group which had planned to operate the schools blamed the federal government and the National Assn. for the Advancement of Colored People for the continued shutdown.

Dr. T. J. Rane, head of the corporation that leased the schools to operate them as private and segregated institutions, said:

"The Little Rock Private School Corp. made arrangements to open the senior high schools to offer educational facilities to all the high school students.

"Through the concerted efforts of the government of the United States and the NAACP, the Little Rock Private School Corp. has now been enjoined and prohibited from operating the high schools."

Later, Gov. Orval E. Faubus commented:

"As long as the people stand

firm, a way will be found to preserve our traditions and educate our children."

He said "Other avenues and means of providing education for the students will be explored."

The dilemma was sparked by two federal judges in Omaha, Neb., when they issued a restraining order at the request of the National Assn. for the Advancement of Colored People, supported by the federal government.

The order instructed all persons connected with the private school plan not to take "further action to transfer possession, control or operation, directly or indirectly," of Little Rock schools.

It also forbade altering the "status quo of the senior high schools insofar as their integrated status is concerned."

The order came a few hours after the School Board had turned the four high school buildings over to the Little Rock Private School Corp. and plans were in the mill to open the schools today.

The judges made their ruling retroactive to last Thursday after Justice Department Atty. Donald MacGuire said the school lease had been executed in haste to complete action before the hearing.

The retroactive clause apparently was aimed at nullifying any legal advantage sought by the quick transfer.

Teachers were advised by their attorneys not to take any part in the operation of the high schools by a private group.

Copies of the restraining order were served later by federal marshals on teachers and others connected with the schools.

Marshals tried to serve a copy on Gov. Faubus. They were unable to get past guards at the gates of the governor's residence.

U.S. Marshal R. Beal Kidd said Faubus telephoned him later and Kidd read the court order to him. Kidd said that would be sufficient and there would be no need to serve the governor personally.

The restraining order is in force until Oct. 6 when a three-judge panel of the U.S. 8th Circuit Court of Appeals will meet in St. Louis to hear the case for a temporary injunction.

Kindness to Friend Reopens Jail Door

Kindness doesn't always pay sometimes, it even could get you in trouble.

George Blake, 46, Eastern Ave. found that out Tuesday morning. He slipped in the side door at City Hall to give his friend, Oliver Ray Skidmore, 48, of 421 Peddicor Ave. some wine. Blake was pouring wine through an opening in the jail door to his friend holding a container inside the jail cell.

While doing his good deed for Skidmore, he was discovered by officers. Deputy Sheriff Don Thompson, who was in the building, and Patrolman Herschel Taylor didn't approve Blake's kindness. They locked him up.

Blake, who has a record of more than 40 arrests, was fined in Municipal Court only the day before.

The kindhearted Blake has been reunited with his friend Skidmore. But now neither has any wine.

U. S., Britain Plan Pullout

U. N. Aide Reports On Mideast Setup

UNITED NATIONS, N.Y. (AP)—Secretary General Dag Hammarskjöld announced today that the United States and Britain had agreed conditionally to withdraw their troops from Lebanon and Jordan.

The secretary general said the United States had promised to complete the withdrawal from Lebanon by the end of October if the situation improves sufficiently. He said Britain would begin pulling out of Jordan in October and would complete the withdrawal as early as the situation allows.

Hammarskjöld made his announcement in a 30-page report to the General Assembly on his recent Middle East peace mission.

He said he had appointed a special representative to work out arrangements to facilitate the troop withdrawals and that the representative, Pier P. Spinnelli, a U.N. undersecretary, is now in Amman.

Hammarskjöld said complete mutual confidence among the Arab countries has not yet been restored. But he expressed the belief "the implementation of the good neighbor policy will meet with growing success."

Unofficial reports in London said the British withdrawal from Jordan will be completed by Oct. 28.

The United States already has pulled out its Marines from Lebanon, and it appeared that the remaining 7,500 U.S. soldiers would be departing soon.

Hammarskjöld was cautious about making forecasts on Middle East stability. He said his effort to carry out the Assembly's peace resolution is "still at an early stage and it is therefore premature to pass a judgment on the degree of success it may meet."

\$13,000 Paid Air Officer By Ohio Firm

LEWISBURG, Pa. (AP)—A Dayton, Ohio, electrical firm carried on its books as a regular business expense \$13,000 paid to an Air Force officer for two patents it purchased from him.

This testimony was developed Monday at the trial of two Air Force officers and the president of Royal Electric, Inc., who are accused of conspiring to defraud the federal government.

The trial is in its second week in U.S. district court here.

Accused are Colonels Ralph O. Brownfield and Charles F. Burley, and Robert F. McNett, Royal president. The charges allege the three conspired to award Air Force contracts to Royal while the two officers were attached to Olmsted Air Force Base near Harrisburg, Pa.

Quentin C. Roche, former controller for Royal, told the court Brownfield received \$13,000 for two patents he developed.

In testimony last week, witnesses said one of the patents was for a pump design. Federal attorneys attempted to prove that the design was worthless and was purchased only to gain favor with Brownfield. Defense attorneys contended the pump design had value.

Classes as Usual

COLORED STUDENTS arrive at Booker T. Washington High School in Norfolk, Va., to attend classes as usual. Gov. J. Lindsay Almond has closed a number of schools to ward off integration. The Supreme Court later held unanimously that heads of Southern states may not convert public schools into "private" institutions to keep out Negroes.

Virginia School Closing Leaves Area Restless

RICHMOND, Va. (AP)—Restless students police patrols, canceled football games and closed door emergency sessions of city and state officials marked a tense beginning to the closing of six Norfolk schools.

The six, three senior high and three junior high facilities with an enrollment of 10,000, were ordered shut down by Gov. J. Lindsay Almond Jr. while he considers possible ways of restoring their operation at a segregated basis.

Almond acted within the authority of the state's massive resistance to racial integration statutes. The showdown came after the City School Board enrolled 17 Negro children in compliance with a federal court order.

No major disturbances were reported. Police kept students from gathering on Granby High School grounds during the afternoon.

City fathers, school trustees and legislators representing the city huddled for 90 minutes behind closed doors. They broke up without comment.

Later, after a separate, 45-minute meeting of the School Board, School Supt. J. J. Brewbaker served notice the three senior high schools had suspended fall football programs indefinitely.

He said it would be up to Almond to resume the suspended activities.

Nighttime classes for adults in the three high school buildings, also were terminated.

Dayton Banker To Head Wilmington Trustees

WILMINGTON, Ohio (AP)—Mason M. Roberts, Dayton banker, is the new board chairman of Wilmington College trustees. The college announced his election Monday and said the board named a five-man group to seek a successor for the college president, Dr. S. D. Marble, who has resigned.

Ohio Candidates Continuing Campaigns Over Wide Areas

By THE ASSOCIATED PRESS

Starting with breakfast in Lancaster and courthouse stops at Logan, McArthur and Jackson, U.S. Sen. John W. Bricker moved into southeast Ohio with a Republican caravan today.

Accompanied by Secretary of State Ted W. Brown and State Treasurer Roger W. Tracy, Bricker will attend a buffalo roast at Pickaway County Fairgrounds in Circleville this evening.

Gov. C. William O'Neill is not in the caravan, but has scheduled some campaigning in Lima. At a Lake County GOP rally Monday night, he apparently was referring to the proposal to regulate labor contracts in Ohio when he declared:

"I want every resident of Ohio to stand up and be counted for freedom and liberty for the individual in this state."

The governor has previously said he personally favors the Ohio constitutional amendment, which says: "No employer or labor organization shall deny or abridge the right to work by requiring membership or non-membership

in, or payment or non-payment of money to, a labor organization as a condition of employment or continued employment in this state."

When O'Neill announced his endorsement of the proposal a week ago, he said he had no plans to O'Neill's endorsement announcement. Democratic gubernatorial campaign director for it. Told of candidate Michael V. DiSalle said: "The issue can now be removed from the campaign in as much as it will be decided by the voters in November."

In his Painesville speech Monday night O'Neill told of receiving a letter from a woman who said she is bankrupt because her business was boycotted after she signed a petition to place the issue on the Nov. 4 ballot.

"This has occurred to freedom in Ohio," the governor said. "This has multiplied many times across the state I am sorry to say."

At Dayton, DiSalle said water pollution is menacing Ohio's position as the No. 2 industrial state. "It is a commonly accepted fact

Hurricane Ilsa Said Dying at Sea

WASHINGTON (AP)—Hurricane Ilsa, a storm which did nobody any harm because it chose to stay at sea, roared along toward its death today in the North Atlantic.

Unlike its savage predecessor, Helene, the closest Ilsa came to land was 230 miles east of Bermuda.

Ilsa, traveling a steady north-east course, was located by ship reports about 350 miles southeast of the Newfoundland coast this morning.

The Weather Bureau said it was obvious Ilsa was losing her punch and in all likelihood would join forces with the remnants of Helene, making for a smaller storm in the North Atlantic.

2,000 Quemoy Kids Live Underground

By FORREST EDWARDS

QUEMOY (AP)—More than 2,000 children on Quemoy and Little Quemoy are living in caves and underground shelters as winter approaches with threats of influenza, smallpox and exposure.

"Our greatest fear is an influenza epidemic," said Dr. Lin Chin Chiang, head of the Quemoy medical center for civilians. "Children and aged people are living in caves and underground shelters that will be damp and cold this winter."

"They need blankets, clothing and some safe way to heat their shelters. Even if the Communists stop their artillery attacks, many hundreds will have no surface homes."

Earlier, the civilian administrator of Little Quemoy said all of that island's 5,700 civilians, including 1,500 children, are living underground. Food is running low and virtually no medical supplies are available.

(The State Department announced in Washington last Friday that \$180,000 in civilian relief supplies are being shipped to the Quemoy. The supplies will include shelters, temporary housing, medical supplies and emergency stockpiling of food.)

Four villages on Quemoy are 85 per cent rubble from Communist shells.

I visited Na Shan village, one of the hardest hit. Monday. Out of some 120 homes, I counted 93 demolished. I saw only five homes that had escaped direct shell hits.

Others had one livable room or a roof supported by fragments of walls. Some families had been living in underground shelters since Aug. 23, the day Communist guns began pounding the Quemoy.

Winter temperatures drop to the mid-40s, Dr. Lin said.

"Although not freezing, that cold combined with dampness will sap the resistance of the children and the aged. There will be suffering and the threat of epidemics."

Lin's medical center has 15 hospital beds in an underground ward. It was crowded with 67 wounded civilians, most of them sleeping on the floor between and under the beds. It was lit with

U.S. Policy on Formosa Could Be Altered-Dulles

Auto Industry Negotiations Nearing Accord

DETROIT (AP)—Walter P. Reuther failed today for the second time in a week to achieve a clear-cut labor contract settlement for his United Auto Workers with Chrysler Corp. But he reported a meeting of minds that would make his further presence unnecessary.

Reuther had hoped to clear up the Chrysler situation so the union could devote its full attention to the huge General Motors Corp. Ford, other member of the auto industry's big three, reached agreement with the union almost two weeks ago.

The UAW president led his team through 18½ hours of marathon bargaining which began Monday morning and was interrupted only for brief lunch periods, subcommittee meetings and separate caucuses by the union and Chrysler.

He had indicated before the start of the session that an agreement could be hammered out within six or seven hours if Chrysler "really wanted to bargain."

Reuther indicated that agreement had been reached on major features of a contract similar to the three-year agreement which Ford and the UAW reached Sept. 17. The Ford agreement was expected to set the basis for contracts at Chrysler, General Motors and the independent auto makers.

Reuther, emerging from a meeting of almost 24 hours, said: "We have reached a meeting of the minds."

However, he said, problems concerning engineers, office workers and salaried employees still remain unresolved.

Annexation Area Described

A full description of the 4.13-square-mile area surrounding the city Council has proposed for annexation to the corporation, subject to vote in the unincorporated areas of Union Township at the November election, will be found on Page 10 of today's Record-Herald.

The description of the area is Council's Ordinance No. 828 which is published as required by law. Maps of the area proposed for annexation are on file at the city manager's office, the county commissioners' office and with the Board of Elections.

Entire City Shuns Mayor's Mandate

AURORA, Ill. (AP)—Mayor Paul Egan suspended Aurora's entire 68-man police force Monday night and called on the citizenry

to make arrests when laws are violated. But nobody obeyed him, including the cops.

The policemen, who have seen more than 10 police chiefs come and go during Egan's 4½-year tenure, carried on as usual. "Nobody's paying any attention to him," one said.

The City Council passed a resolution 4-1 saying it could not condone Egan's actions. Egan cast the lone dissenting vote.

Furthermore, said the Council resolution, it must refuse to go along with the mayor's order firing Police Chief Donald Curran. The ouster was for personal reasons, the resolution read.

It was the Curran episode that led to Egan's latest edict. Failure to crack down on gambling, especially bingo, was the reason he fired Curran, Egan said.

But Curran wouldn't go. In fact, he told the police force not to obey any Egan order unless it was approved by Curran or the corporation counsel.

Egan retaliated. "Because the men of the Police Department are in open, defiant insubordination," read an Egan proclamation, "Aurora is in a state of emergency."

"This mutinous action of revolutionary individuals makes it imperative I act and suspend all members of the police force."

Then he called on the 55,000 residents of this northern Illinois city to make complaints or swear out warrants for any violations of the law.

Would-Be Cop, 18, Cooled Off Quickly By Toledo Police

TOLEDO, Ohio (AP)—An 18-year-old filling station attendant who always wanted to be a cop showed up for a rescue squad call today with the following equipment:

An automobile equipped with a police-type receiving and transmitting radio equipment, a spotlight mounted police-style beneath the instrument panel of the car, an unloaded revolver, a box of cartridges for the revolver, a toy hand grenade and a toy periscope.

Police spotted the car at the rescue squad call. The owner, Daniel G. Rouppas, explained he had rigged up the equipment so he could follow police calls and participate in the excitement.

Rouppas was arrested on charges of suspicion and carrying a concealed weapon. A companion, Samuel Saad, 18, was charged with suspicion.

Runaway Boy Spends Chilly Night in Woods

BATAVIA, Ohio (AP)—Eight-year-old Harry Norvell, who disappeared from his home at Goshen Monday after being scolded by his mother, was found today walking along a county road.

The boy was unhurt and told searchers he didn't return home because he feared he would be spanked. He said he spent the night in the woods.

The youngster is the son of Mr. and Mrs. Jack Norvell.

SUB Argument Tops Docket Facing Ohio Supreme Court

COLUMBUS, Ohio (AP)—Ohio's Supreme Court returned today from summer recess to face a heavy docket.

Chief Justice Carl V. Weygandt and all six judges were on hand for the start of hearings at 9 a.m.

Supplemental unemployment benefits (SUB) and appeals in two first-degree murder cases are down for early consideration.

Merit hearings will open Oct. 7 on the question of whether unemployed workers can draw SUB payments and state jobless compensation at the same time.

The high court agreed June 4 to rule on the issue, after hearing arguments in appeals from Mahoning County court decisions holding that Ohio law permits simultaneous payments. Those decisions upset a ruling against simultaneous payments by James R. Tichenor, administrator of the Bureau of Unemployment Compensation.

Tichenor and major steel firms are defendants in the suit by the

United Steel Workers Union.

Appeals of two men facing execution for murder will be heard next Thursday. Death sentences of both have been stayed pending final court action.

One is Cleo Eugene Peters, convicted of first-degree murder in the \$4 robbery-slaying of Paul M. Coblenz, Amish farmer, in his home near Mount Hope (Holmes County) July 18, 1957.

Peters, of Muscatine, Iowa, came to Wooster to meet his friend, Michael G. Dumoulin, the day before the slaying. Dumoulin was convicted of first-degree murder with a recommendation of mercy and sentenced to life imprisonment.

The other first-degree murder appeal is by Walter J. Byamin, sentenced in Lorain County to die in the electric chair for the slaying of Edmund G. Smith, a special officer. Smith was fatally shot when he tried to arrest Byamin after a fight with another man over a girl.

'Give' by Reds Said Needed

Truce Seen Followed By Partial Pullout

WASHINGTON (AP)—Secretary of State Dulles said today there could be important changes in U.S. policy as to the defense of Quemoy if there were some "give" by the Chinese Communists.

If there was a dependable cease-fire in the Formosa area, Dulles said, the United States would favor withdrawal of at least some of the large Chinese Nationalist forces on the offshore islands.

Dulles said the United States acquiesced in Generalissimo Chiang Kai-shek's reinforcement of the islands in the first place but considered it a foolish step.

At a news conference Dulles also said that the United States thought any renunciation of force in the Formosa region should apply not only to Communist China but also to the Nationalist government.

He argued this would be a fair arrangement and that it would be wrong to ask the Reds alone to renounce force.

In the past two weeks the prospects for a peaceful outcome of the Formosa crisis have improved, Dulles said under questioning.

He attributed this to some slight tendency toward stabilization of the contending forces in the Quemoy region and to his feeling that there is now less chance of hostilities spreading into a bigger war.

Asked how an agreement to renounce force would affect Chiang's policy of fighting his way back to the Chinese mainland, Dulles said Chiang's return would seem to depend on what happens inside Communist China.

For example, he argued, should a Hungarian-type uprising come about inside mainland China, it might lead to Chiang's return.

Dulles confirmed that Chinese Nationalist fighter planes are using Sidewinder air-to-air missiles against Communist aircraft in the Formosa area. But he rejected a Red Chinese complaint that this somehow upsets the situation in relation to the Warsaw talks. He said that release of the missiles to the Nationalists by the United States had nothing to do with the Warsaw talks.

Dulles was asked whether he thought it was sound now to arrange for withdrawal of Nationalist forces from the offshore islands.

That all depends on the circumstances, he said.

The United States would never agree to a retreat under fire, Dulles said, because of the probable impact such an action would have on other peoples and other countries as well as the morale of Nationalist China.

The chief encouraging note was Premier Chou En-lai's statement Sunday that the Red Chinese "do not give up their efforts to find a solution to the disputes between China and the United States through peaceful negotiations."

Although Chou surrounded that remark with more belligerent statements, some State Department officials considered it to have an important bearing on the U.S.-Red China ambassadorial talks at Warsaw. The fifth session of these talks was scheduled today.

No progress was made in the four earlier meetings, but the United States is anxious to keep the contact in hopes of finding some common ground for peaceful solution.

Brown Expects Fuss To Continue

WASHINGTON (AP)—Rep. Clarence J. Brown (R-Ohio) said today Sherman Adams' resignation as presidential assistant "will probably not bring an end to public and political discussion of the Adams-Goldfine affair."

In a letter to constituents, Brown said of Adams and his friendship with industrialist Bernard Goldfine:

"Many Republican leaders, as well as others, feel Mr. Adams' resignation should have been offered to the President promptly after he had publicly admitted, before a congressional committee, his acceptance of gifts and financial favors from the Boston industrialist."

Band Boosters Plan for Future

Committees Named, Projects Considered

Committee heads were appointed and ways and means for raising money were considered by the WHS Band Boosters Club at its first meeting of the new school year in the high school band room Monday night.

George Lundberg, the president, who conducted the business session named Mr. and Mrs. Paul Cummings co-chairmen of the ways and means committee; Mr. and Mrs. Paul Pennington to head the membership committee; Mr. and Mrs. William Clarke co-chairman of the hospitality committee; Mrs. Billie Wilson to head the program committee and Dr. W. H. Limes to handle the publicity.

Before announcing the appointments, Lundberg thanked the Boosters for their help in putting on the Band Festival last May at Gardner Park. The Festival did not return a big profit, it was said, but it did provide education.

During the discussion, it was brought out that from that first Festival, the club had learned what concessions were most popular so they can be given a more important place in the next Festival. In this, there was the implication that another will be held some time during the present school year.

ROBERT NEUMANN, the band director, told the group that money will be needed within the next two years to replace some uniforms that are wearing out and to buy new ones to take care of the increasing enrollment of the high school. He also said some instruments will have to be replaced and some new ones purchased.

(While students provide most of their own instruments, the band provides some of the big ones, such as sousaphones, drums and those the students are not likely to use after graduation.)

Among the fund-raising projects undertaken by the club are concessions for the home football games.

The money is needed, it was pointed out, to get some of the things the band needs, but cannot be provided with tax money. It also was mentioned that the club would like to help meet some of the expenses for possible band trips, provided they are approved by the school board.

For the musical program at the conclusion of the meeting, which was arranged by Mrs. Wilson, Emerson Fletcher, an eighth grade pupil at Wilson School, played a medley of eight pieces on his accordion. He was introduced by Mrs. Emerson, in the absence of Mrs. Wilson.

Mrs. Jane Coffman, secretary, said the club has around 450 members now, but the membership will expire this month. She expressed the hope that all of them would get in touch with Mr. and Mrs. Pennington before the end of the month, and thus, simplify the sign-up next month.

Non-Circulating Air Conditioners Must Be Reported

Bills for the October, November and December sewer rental charges will be sent out by the city on Oct. 1, but Mrs. Willis McCoy said the charge to users of non-circulating air conditioners will not be sent out until after the water bills to these users are filed with the city auditor's office.

Mrs. McCoy, who handles the sewer rental accounts for the city, pointed out that the service charge for non-circulating air conditioners, which discharge water into the sanitary sewer system is 60 per cent of the user's total water bill.

Users of non-circulating air conditioners are required by a city ordinance, which became effective last Jan. 1, to report them to the sewer service clerk in the auditor's office. Failure to report existing sewer connections, as well as installation of the air conditioners, is punishable by a fine of not less than \$10 nor more than \$100 Mrs. McCoy said. She added that fines of from \$25 to \$200 may be imposed for subsequent failures to report.

A penalty of 10 per cent of the bill will be charged after the last day of the quarter for non-payment of current bills, Mrs. McCoy pointed out.

Cop Red-Faced; No Big Red Sign

MIAMI, Fla. (AP)—A traffic policeman lined up eight motorists and started writing tickets for failure to heed a stop sign.

Seven accepted the tickets, saying they hadn't seen the sign. The eighth said, "Show me the stop sign and I'll accept the ticket."

"So you can't see a big red sign on a tall green pole?" asked the officer. "Come on."

They walked back to the intersection. No stop sign.

"Somebody must have stolen it," said the red-faced officer as he tore up the tickets.

Deaths, Funerals

MRS. INEZ ROSE — Services for Mrs. Inez Rose, who died en route to the hospital here after she was stricken on Court St. about noon Saturday, were held at 10 a. m. Tuesday in the Gerstner Funeral Home by the Rev. W. Neil Hand, pastor of the First Presbyterian Church.

Pallbearers for the burial in the Washington Cemetery were Theodore, Floyd, Homer and Charles McKeever, Leroy Burns and Junior Hie.

VIOLA G. KAUFMAN — Services for Viola G. Kaufman of the Greenfield Rd., who died Thursday afternoon at her home, were held 1 p. m. Monday at the Kirkpatrick Funeral Home here by the Rev. W. S. Alexander.

Pallbearers were Lowell Kaufman, Ray Warner, John Bryant, Lester Haynes, Bill Breakfield, and Willard Borton. Burial was held in the Washington Cemetery.

Ohioan Accused In Murders of Man, Witness

FLEMINGSBURG, Ky. (AP)—Eugene Henry, 35, of Hanging Rock, Ohio, has been ordered held without bond for grand jury action on one of two wilful murder charges against him.

The Fleming County Grand Jury, which convenes Oct. 20, will consider a charge that Henry shot and killed Pearl Mae Bush, 21, on Sept. 5. Her body, found in a field two days later, was not identified until late last week.

State police quoted Henry as admitting he shot the Bush woman after killing Charles (Chad) Norris, 38, in Carter County, Norris' body was found last Saturday, and Carter County authorities have filed a detainer for Henry in that shooting.

Officers said Henry told them he shot the Bush woman because she knew he was with Norris on the night he was slain.

2 West Virginians Hurt in Car Crash

Two West Virginia men injured when their car ran into a utility pole on Dayton Ave. just south of Van Deman Ave., at 4:35 p. m. Monday were reported in good condition at Memorial Hospital Tuesday morning.

Alton Gerald Parsons, 32, Dunbar, W. Va., the driver, had multiple lacerations about the head. Ralph Bogness, 51, also of Dunbar, a passenger in the same car, had a laceration on the right eye lid and possible fractured ribs, the hospital said.

Parsons told police he believed he went to sleep. Police said Parsons driving southeast on Dayton Ave. went off the street and rammed into a utility pole, extensively damaging the front end of his car. He was cited for reckless operation.

Three Are Treated After Accidents

A man and two seven-year-olds injured in falls were given emergency treatment at Memorial Hospital Monday and released.

The man, Rodney Coverdale, Trinway, a member of the crew of a Pennsylvania Railroad locomotive crew, was treated for a mashed finger.

Rocky Lane Hall, 7, son of Mr. and Mrs. Lloyd Hall, Route 1, Jeffersonville, was treated for an elbow injury he suffered in a fall from the porch.

Susan Foster, 7, daughter of Mr. and Mrs. Charles A. Foster, 528 Campbell St., received lacerations on her forehead and abrasions of her left knee when she fell from a jungle bar at the Rose Avenue School.

Courts

MARRIAGE LICENSE
Norman Ray Cooper, 21, of 1116 Vine St., warehouseman, and Mary Carolyn Manns, 17, Route 2.

SUIT ASKS \$3,981
Kentucky Chemical Industries Inc., Cincinnati, asks judgment of \$3,981.25 from Mrs. Carolina Self, 629 Sycamore St., in a suit filed in Common Pleas Court. The company claims that amount due for materials delivered and from collections in which, the petition alleges, the defendant misrepresented herself as a collection agency for the plaintiff.

APPEAL DISMISSED
An appeal from judgment of the Common Pleas Court, brought by Mary Amy Steece, plaintiff in a suit against J. Roush Burton, executor of the estate of Helen S. Ball, and others, has been dismissed by the Second District appellate court because of a compromise and settlement.

The Court of Appeals ordered that the sum of \$2,000, to be paid to the plaintiff by the defendants, be placed in escrow until certain guardianship requirements are met.

The case involved construction of the will of Ella Steece, late of Lawrence County.

Miller Named OEA Delegate

City Teachers Learn Of Open House Plans

Plans for holding open house in the Washington C. H. elementary schools the evening of Oct. 27 and the high school on Oct. 28 were outlined by Mrs. Ruth Rider at the first business meeting of the new school year for the City Teachers Assn. Monday afternoon.

Mrs. Rider is chairman of the committee which is arranging for this phase of the observance of American Education Week here this year.

Sharing the interest of the meeting was the election of Earl Miller, principal of the new East-side School, as the delegate from Washington C. H. schools to the Ohio Education Assn. convention in Cleveland in December.

Miss Jane Durant and Mrs. Bernice Johnson were named first and second alternate delegates, to go to the convention, should Miller be unable to attend.

Mrs. Loreah O'Brian was chairman of the election committee.

During the business session in the high school auditorium conducted by Miss Marjorie Evans, president, routine reports were made by Mrs. Mary Lou Hidy, secretary; Edwin Nestor, treasurer; Miss Margaret Gibson, program chairman; Mrs. Virginia Smith, social chairman; and Miss Helen Huston, chairman of the salary study committee.

Superintendent W. A. Smith discussed plans for Education-Industry Business Day, Oct. 23, when men and women in business and industry will visit the city schools. He also explained the need for the one-mill school levy which will be voted on Nov. 4.

Man Goes to Jail As Parole Violator

A disorderly case that started with a parole violator being jailed was dismissed in Municipal Court Tuesday.

Sam Groves, 53, of 524 Wilson St., was charged with disorderly conduct by Mrs. Mary Alltop, 611 Blackstone St., who said he threatened her son, Ephraim Alltop, Jr., in front of her home Sunday night. Groves said he only asked about the location of his son who went to Florida with Alltop.

Groves had Alltop jailed for violating his parole and going out of the state. Mrs. Alltop then filed the disorderly charge against Groves. Among the witnesses before the court Tuesday was Alltop, who was in the custody of a deputy sheriff. The result: Alltop was in jail for violating his parole; Groves was free of the charge. The court recommended that both families stay apart.

Miss Dorie Myers, Peabody St., was in court on a charge of disorderly conduct filed by Henry Mongold, Peabody St. He said she was drunk and disorderly at his home last Thursday. Her fine of \$10 was suspended on the condition that she stay away from the Mongold residence.

Oliver Ray Skidmore, 48, of 421 Peddicord Ave., made his 43rd appearance in court here to face a charge of intoxication. He was fined \$25 and costs and ordered to pay the balance of a \$50 and costs fine assessed Aug. 18 for being drunk.

Auto Industry

(Continued from Page One)
Reuther headed immediately for General Motors, the other member of the Big Three that still has not come to contact terms with the UAW.

Reuther said the remaining problems at Chrysler could be negotiated by the Chrysler bargaining team headed by Jack Conway, his administrative assistant.

The Chrysler talks, which covered 18½ hours of bargaining since Monday morning, recessed for two hours following Reuther's departure and then will tackle the problems again.

John D. Leary, Chrysler vice president, told newsmen: "No, it's not settled. We are very close and should reach agreement sometime today."

GM is under a Thursday morning strike deadline set by Reuther who wants bargaining gains from GM over and above those he got in the agreement reached with Ford Sept. 17.

Reuther expressed pleasure that about 40,000 striking GM workers had heeded his call of Sunday for them to return to their jobs so negotiations could continue without the overtime of hit-and-run strikes which the company charged were masterminded by the international UAW.

IT'S SO EASY TO PLACE A WANT AD.

Wilson County Sisters Club One of Top State Health Clubs

Word has just been received here from the state 4-H Club headquarters in Columbus that the Wilson County Sisters 4-H Club has been selected as one of the ten top 4-H health clubs in the state. The advisors are Mrs. Frank Dill and Mrs. Richard Rankin.

The state selection committee chose the Wilson County Sisters because of their effective health activities which they planned and conducted during this past club season.

The club donated and helped with the solicitation of donations to the Cancer Society fund, polio fund and the Community Chest. The health leader secured and showed a film on health entitled "It's All in Knowing How" to the club, the school and the Fayette Grange. The club sponsored a health poster contest. The theme

Two Women Here At CD Conference

Miss Louise Ritter and Mrs. Eldon Bethards were in Chillicothe for a conference on Civil Defense. They represented the Home Demonstration Clubs of Fayette County at this meeting, which over 200 people attended.

These meetings are Extension Service-sponsored through the Home Demonstration Councils in cooperation with Farm Bureau, Grange and the Ohio Civil Defense Corps. Their purpose is to promote among the people of Ohio an understanding of procedures that might best be followed in the event of any emergency.

Those who have had the opportunity to work together on this program, feel this is a "splendid opportunity" to get to the people important information concerning disaster control, the two Fayette County women said.

Ohio Candidates

(Continued from Page One)
that industry goes where there is abundant water and where its employees can find ample recreational outlets in boating, swimming and other sports."

He said Ohio's present anti-pollution program is deficient. DiSalle will visit 25 counties this week and appear with former president Harry S. Truman in Akron Friday.

In Kenton Monday night Bricker declared:

"The Congress will have to make balancing the budget its first order of business next January if serious inflation is to be prevented."

"The tax-and-spend policies of the New Deal cut 39 cents off the dollar and another 10 cents was lost during the Truman years. When the Republicans came to power the dollar was worth 51 cents."

Stock Mart Pushes into Higher Levels

NEW YORK (AP)—The stock market pushed further into record high ground early this afternoon. Trading was active.

Most leading stocks rose fractions to about a point. A few wider moves were made by specially situated issues.

Drugs and most tobaccos were up. Steels, motors and rails resumed their advance. Aircrafts, chemicals and some nonferrous metals were on the upside. Utilities were a bit higher.

Expectations of an early settlement of Chrysler's labor dispute, rising steel output and declining unemployment were encouraging factors. The market seemed to ignore tightening interest rates which usually are a dampening factor.

Atlantic Coast Line rose more than three and Seaboard Air Line Railroad was up well beyond a point.

Reynolds Tobacco was off about two and Warner - Lambert around three.

Scherer was a one-point gainer. Lukens Steel gained more than a point.

Gains of about a point were scored by American Smelting, Union Carbide, Eastman Kodak, Goodyear and American Cyanamid.

Radio Corp., Illinois Central and Standard Oil of Indiana were losers.

U.S. government bonds were unchanged.

Seven Drivers Forfeit Bonds

Bonds were forfeited in Municipal Court Tuesday by seven drivers who failed to appear to face traffic charges.

Marvin Wilson, 23, Hillsboro, charged with running a red light at Delaware and Market Sts. forfeited a \$15 bond.

Raymond Behar, 19, Orange, N. J., charged with driving 70 mph in a 60 mph zone forfeited a \$20 bond.

Charles Robertson, 43, Cincinnati forfeited a \$25 bond on a charge of crossing a yellow line.

Frederick Ketteler, 50, Columbus, forfeited a \$20 bond for driving 70 mph in a 60 mph zone.

John Clark, 39, Lexington, Ky., forfeited a \$20 bond on a charge of driving 75 mph in a 60 mph zone.

Wayne Adams, 24, Greenfield, forfeited a \$25 bond on a charge of reckless operation.

Ohio Finance Director Answers DiSalle Query

COLUMBUS, Ohio (AP)—State Finance Director John A. Skipton today replied to questions about Ohio's finances posed by Michael V. DiSalle, Democratic nominee for governor.

But the aide to Republican Gov. C. William O'Neill turned down DiSalle's request for an interview next Thursday. Skipton asserted state finances are too complicated to become the subject of a "political tete-a-tete."

Sharp Drop Seen In Traffic Deaths

CHICAGO (AP)—The nation's traffic death toll for 1958, the National Safety Council said today, may be 2,000 less than last year and the lowest since 1954.

But, the Council warned, that goal could be reached only if the same rate of improvement in cutting the traffic toll is maintained in the last quarter of the year.

The Council said there were 22,880 deaths on the highways in the first eight months this year, 6 per cent below the same period last year and representing a saving of 1,560 lives.

The 36,500 traffic death toll would be the lowest since 1954 when the total was 35,586. The record toll was 39,969 in 1941.

Round about Fayette County

By B. E. KELLEY

History records the battle between federal officers and the famous Funk family, which took place at a log house near Yatesville in the early days in Fayette County.

But it seems that counterfeiters also operated near the intersection of the Bogus and Robinson Rds. Many years after they vanished, a number of counterfeit coins were plowed up in that vicinity and kept for sometime as souvenirs.

Whether the coins had been buried to prevent discovery, or had been lost by the counterfeiters or others, was never known.

It is possible that one or more of these old counterfeit coins may still be in existence, although it is a violation of federal law to have such coins in one's possession.

It seems that it was never possible to determine just who made the counterfeit coins or exactly where they were made. But it was apparent they had been manufactured in the immediate neighborhood.

The counterfeiters might have been connected with the gang that formerly operated in Paint Township, more of which I will tell you later.

WHO ATE HORSE MEAT?

Indications are that around a half century ago horse meat was sold in Washington C. H. as beef, and apparently no one knew the difference.

For many years a slaughterhouse stood on the present site of the Armco plant, on Chillicothe Rd., where much livestock was butchered for the local market and for those who wished their livestock killed and dressed instead of doing it themselves.

It is recalled that around 1917 when the old slaughterhouse, part of which was built of logs was torn down, the bones of four horse heads were found under the floor.

Recently I talked with the man who tore the building down and he expressed the belief that the horses had been slaughtered and their meat sold here, possibly in some butcher shop. The bones apparently were hidden under the floor to conceal the fact that they had been slaughtered there.

ARTIST'S NAME GIVEN

Floyd Tracey, for many years a well known sign painter in Washington C. H., recalls that the old automobile with its two passengers, painted on a large shed on the Fred Kelso farm, on Route 22, east of Sabina, nearly a half century ago, was the work of Emmett Haines, of Sabina. He had painted the picture from a stock picture of the old car — and did an excellent job of it.

The old auto and its two passengers remained on the shed for a quarter of a century before becoming so dim it was impossible to see the details.

MANY HICKORY NUTS

From observation in passing

many hickory trees in the county. I can say there must be a sizeable hickory nut crop this year.

Some trees are bearing large numbers of nuts, and within a short time they will be falling and ready to gather. These are on shagbark trees which bear the best nuts.

However I have noticed many walnut trees which do not contain a single nut this year. This is probably due to too much rain during the blooming season which prevented pollination.

TREES FRINGE STREAMS

For long distances along the streams, most of the streams of Fayette County are fringed with trees and brush until it is an easy matter to trace their courses by the vegetation.

While many willows grow along some of the streams, other growth includes oak, ash and elm. In some places the trees have been neglected until free flow of the creeks is hampered, much the same as in the primitive days when log and rubbish jams sometimes forced the creeks to carve new channels. Or at least the obstructions backed the water up for miles until a flood carried them away.

However, some of the streams flow for miles through open fields, with only an occasional clump of willows along their banks.

The trees and brush along most of the streams is due to the fact that the land can not be cultivated close to the banks. As a result the growth has been allowed to increase year after year.

Clermont Countain Held In Shooting of Wife

BAT/VIA, Ohio (AP) — George Vannatter, 30, who said a shotgun fired accidentally when he tried to take it from his young son, was held in Clermont County jail Monday night for questioning. The blast killed Vannatter's wife, Barbara, 29.

Little Theater Group Elects New Officers

The Community Players, a little theater group here, today is starting its second year under the guidance of a new president, Harold Hazard.

He was elected to succeed Hal Summers, who headed the group through its first year. Other officers chosen for the coming year are Dan Strain, vice president; Mrs. Richard R. Willis Jr., corresponding secretary; Mrs. Robert Green, recording secretary and Miss Jean Boylan, treasurer.

The election was held after the nominating committee, headed by Mrs. James Evans, had submitted a slate of candidates.

During the short business session, an "open letter" was addressed to Mrs. William Lawyer commending her for her work as director of the group's second play, a four-act comedy, "Sabrina Fair", which will be staged in the Washington C. H. High School auditorium Oct. 13 and 14.

THE REST of the meeting, which was held in Memorial Hall, was devoted to a discussion of production plans for putting on "Sabrina Fair."

Mr. and Mrs. William Stoughton, the co-producers, and Strain, the stage manager, outlined to the behind-the-scenes staff the overall plans for the staging.

Meanwhile, Mrs. Lawyer reported, rehearsals by the 14-player cast are progressing.

One of the big tasks faced by the scenery committee of the production staff is the making and painting of the huge backdrop for the stage to create the setting for "Sabrina Fair."

The flag of the new state, Alaska, has eight stars. Seven represent the Great Dipper and eighth represents the North Star.

NEW RAMBLER—The compact Rambler, which set an all-time sales record in 1958, features new styling and engineering changes designed to further increase economy of operation and durability for 1959. The new six-cylinder and V-8 models go on sale at Rambler dealerships across the country on Oct. 8. Shown is the 1959 Rambler Cross Country. This distinctive four-door station wagon is the most popular model in the Rambler line. The new Ramblers will be on display here at Don's Auto Sales, 518 Clinton Ave.

Youth Club Activities

The first meeting of the Washington C. H. High School Chapter of the Future Homemakers of America was held at 6 p. m. Thursday in the Community Park.

After a wiener roast and recreation, officers were elected: president, Judy Bell; vice president, Sharon Smith; secretary, Sandi Campbell; treasurer, Eileen Picklesimer; parliamentarian, Johanna McRobie; historian, Florence Pennington; news reporter, Mary Beth Dawes. Mrs. Nada Douce is

the club adviser and Mrs. Grace Iden, the assistant adviser.

The president discussed the point system and the different activities to be carried out during the coming year.

Mrs. William B. Tooker, Mrs. Glenn Smith and Mrs. Wanda Bell were introduced as Chapter mothers.

Fayette Women Going after "Litterbugs"

Without question, the vigorous campaign by a substantial number of Fayette County women against "litterbugs" is meeting with enthusiastic appreciation from officials, police authorities and good citizens.

The litterbug is a pest in any locality, and is present in most communities to some extent, depending on how much cooperation there is between the public and law enforcement officers who try to stop the annoying and unhealthy activities.

Reports from various parts of the city and county indicate that an astonishing amount of garbage and trash being hauled away from homes, especially at night, and deliberately dumped along roadsides and public highways. Sometimes it is tossed on private property.

At times this is done along country roads and lanes where there is little traffic and small chance of such a violator of public decency being discovered.

At other times such acts are brazenly carried out, with baskets of litter of all kinds being tossed out of fast moving cars on township and county roads, sometimes even on the main paved state and federal highways. Here however, fear of detection by the Highway Patrol, makes the violators more cautious and less in number.

There is also another kind of litterbug who thoughtlessly tosses papers, wrappers, unconsumed food and just plain

junk from car windows. In most cases this means that someone has to pick up or clean up after them.

The Fayette County Farm Bureau women are going after this nuisance. They are organized and are not only asking and securing the cooperation of police authorities in city and villages but also the help of the county sheriff's department, county commissioners, township trustees and numerous civic organizations. They hope to place well marked containers for such deposits in many spots.

They say that Fayette County has been more negligent about enforcing laws governing this nuisance than is the case in many other places. It is difficult, of course, to learn who the violators are because their acts are not done in sight of law enforcement officials. The latter can't be everywhere.

This is the reason the women who are pushing this matter are seeking the full cooperation of the public in helping to identify these violators, whenever they can, particularly the habitual ones.

Most certainly the women deserve public help in any way possible. There are times when some of the litterbugging is done thoughtlessly and in a small way, but all this adds to the trouble.

A few cases of conviction and heavy fines under the law may do wonders in this respect. Attention given to this through general public campaigns has helped wonderfully in some localities.

Diet and Health Doctors Study Ways To Induce Fertility

By HERMAN N. BUNDESEN, M. D.

ONE of the most tragic problems of many married couples is an apparent inability to have children.

I don't want to raise any false hopes but, in certain instances, small and continuous doses of cortisone or hydrocortisone have been found to be a big help to women who wish to become pregnant.

Helps Cycle Resume

This dosage might bring about resumption of normal ovulatory cycles in patients with mild dysfunction of the adrenal cortex. In such cases, it is this dysfunction which causes infertility.

The correct dosage and schedule of administration for each patient seems to be the critical factor, according to several Cleveland doctors who have investigated the matter.

Ineffective Procedure

Incorrect dosage or too long intervals in the schedule of administration have proved ineffective. Irregular schedules or administration prior to ovulation, but not pregnancy.

Cortisone or hydrocortisone therapy was recently tested on 18 patients. In most cases, the effective regime was 5 mg. of either steroid orally every eight hours.

Here are the results: Five of the women have had normal full-term infants. Four were pregnant, but had not yet given birth, when the report was written.

These pregnancies occurred

(© 1958, King Features Syndicate, Inc.)

as early as four weeks and as late as six months after the patient's effective dose was established.

Continuation of the steroids throughout pregnancy, the doctors report, has shown no ill effects on either the mother or the infant. They also say, it may actually have helped to protect against miscarriage.

Six of the remaining nine cases began to ovulate after six months or more of therapy. Three had not, at last reports. The results of the study seem to indicate that many cases of ovarian dysfunction are caused by mild disturbance in the adrenocortical function.

An Explanation

The investigators say that an explanation might be that, due to the poor functioning of the adrenal glands in these patients, only part of the hydrocortisone required by the body can be produced when the glands work at the normal rate.

The glands, therefore, work at an increased rate to make up the difference needed to meet the body's demands. In the process, the normal function of the gonads, or sexual glands, is disrupted.

QUESTION AND ANSWER

Q: I have tuberculosis and am pregnant. Will pregnancy help my tuberculosis?

A: Usually during pregnancy there is a tendency for tuberculosis to improve. However, after delivery, the tuberculosis may become worse.

You're Telling Me

By WILLIAM RITT

Admirers of A. Conan Doyle's famed fictional detective are in a tizzy because of a reference in print to Sherlock Holmes as an old-fashioned "fuddy-duddy."

Seems the great sleuth is getting the needle again — and not from Dr. Watson!

Fatboy Farouk, Egypt's ex-king, has discovered his newly-purchased U. S. sports car is too small for him to get into — news item. Well, walking will do him good!

A Danville, Ill., police officer arrested a fellow for socking him with tomatoes. No wonder the cop saw red.

A French name for prunes, we've just learned, is "petite pomme noir d'amour" ("little black apples of love"). No use — we still hate 'em!

A British town, according to a travel guide, has been a popular

summer resort for more than 1,800 years. Must have a mighty good press agent.

Since we're now in the age of man-made moons, Zadok Dumbkopf suggests that maybe that old childhood verse should be changed to read: "Star light, star bright, I wonder if you're really a satellite!"

Red China proudly announces the production of a new super-de luxe motor car which, among other refinements, has a perfumed scented mahogany dashboard. Wonder what the fragrance is — eau de gasoline?

Earliest known copper-nickel alloy coins were minted about 170 B. C. in Bactria, a kingdom in India which was later conquered by Alexander the Great.

Mystery of 'Aton' Revived

By Relman Morin

(Substituting For Hal Boyle)

I had a here-we-go-again feeling when they told me their plan — and also the old, unfeeling excitement of the story.

"We have found many thousands of pieces of his temple," the archaeologist said. "We are going to put them together and try to reconstruct the temple. Perhaps it will tell us more about him."

Akhen-Aton, king of Egypt, came to the throne somewhere around 1375 B.C.

He had built a temple to a god. After his death, the people tore it down. Their fury was such that they even smashed the stones to smith bits.

These are the pieces the archaeologist mentioned. They were used as fill in later royal buildings. Now, he said, they are about to try to reassemble them, a jigsaw puzzle of unimaginable dimensions.

Why undertake such a gigantic task?

Because the story of Akhen-Aton for years has puzzled, fascinated, and infuriated Egyptologists. They fight like tigers over the meaning of his works.

One called him "the first individual in human history," a very high compliment. But another says he is "the most overrated figure in all history."

Apart from that, his actions may—repeat may—hold the clue to the mystery of the origin of the Christian belief that there is only

one God.

He lived eight centuries before the Hebrew prophets. At that time, everywhere in the ancient world, men worshipped a whole pantheon of gods. The idea of a single, all-embracing deity was completely foreign to their thinking.

Did Akhen-Aton invent the concept of monotheism? Did this concept pass, possibly through Israelite captives in Egypt, to the Hebrews? Is it possible that Moses learned this concept in Egypt and passed it on to them?

These are only a few of the questions that swirl around the name of Akhen-Aton, nearly 4,000 years after he lived.

Briefly, what he did was break away from the established religion of Egypt in which Ammon-Ra presided over a host of gods. He asserted that the "Aton," manifesting itself in the life-giving essence of the sun, was the only God. Thus, he changed his name to embrace the term, "Aton."

He left Thebes, the capital, and built a new capital at Amarna. His temples, in complete contrast to those of the old religion, were open to the sun and the sky.

His "Hymn to Aton" is startlingly similar to passages in the 104th Psalm. Place them side by side and you find not only the same thoughts expressed but frequently the identical phrases.

He also revolutionized Egyptian

art forms, freeing the artists from the conventional ways in which they portrayed royalty. You can see graceful, informal pictures of the king, playing with his children, and with his arm around his wife—who, incidentally, was his sister, Nefertiti, of the long, swan-like neck.

After he died, the priesthood of Ammon quickly re-established the old religion. And, of course, their own high stations in society.

The temples were torn down. Chisels chipped the name, "Aton," off monuments wherever it appeared. Everything possible was done to obliterate forever the memory of the "great heretic" and his God.

In recent years, scholars have tended to downgrade Akhen-Aton. Some claim he had political rather than religious motives for his acts. Some say the Egyptians worshipped an "Aton," among all the others, before he was born. Some say the concept of monotheism was not new and could not have been transmitted to the Israelites. Others disagree flatly.

And so on. Yet the story is eternally fascinating because of its implications for Christianity.

I was in the glorious ruins of Karnak in Egypt recently when the archaeologists told me about the jigsaw puzzle plan.

"Here we go again," I thought. "Here comes a new set of arguments."

By George Sokolsky

Danger in Whispering

One of the great advantages that Soviet Russia enjoys in the cold war is that in the so-called democracies all mouths are wide open and every man, woman and child, drunkard, moron and imbecile as well as expert and philosopher is entitled to an opinion and the expression thereof.

That is guaranteed by the Constitution.

It is thus possible for the Russians and their Chinese and Arabian allies to make use of that ancient device of the backstairs—namely, the rumor machine and whispering campaign which sooner or later, if accelerated in volume, produces a wave of opinion that can have damaging effects upon the country and its policies.

What the United States is trying to do about Quemoy and Matsui is to establish a principle of international relations that a country cannot shoot its way into the United Nations.

Red China is an indecent nation which uses methods to which even Stalinist Russia did not descend and there is no reason whatsoever why anyone needs to associate with such indecencies.

Secondly the President of the United States has at long last taken the stand that this country is not going to be pushed around by an abusive, foul-speaking, nasty, smug, moujik, name Khrushchev, and that the President does not need to read communications from this boor.

After all, because an Ukrainian

barfly happens to become elevated to the tyant's role in Russia is no reason why the United States needs to suffer his vulgarity.

The handling of such matters by a government is very delicate and difficult and the President needs the support of all citizens of good-will. In the looseness of New York's cafe society and the dinner parties of the careless rich there are always permanently wise men and women, who without particular disciplines, intellectual or otherwise, repeat what they hear somewhere and that is how the ball gets to rolling.

The whispering device is one of the most awful an enemy can use, for resistance to it usually is nil. A wise-looking man who should not say an unmeasured word will say: "We ought to do business with Red China. Everybody does business with Red China except the United States."

That is how it starts. Is this communist propaganda?

Who can believe that such a wise and learned man would spread Communist propaganda? Besides, he is a rich man or is so reputed to be and in a world where everything is measured by money, even morals, nobody could possibly accuse such a person as not being responsible.

Furthermore, he is known, as everybody else in such circles is, of being very close to those who ought to know of what is going on in the world. In fact, he lets names drop, not like a peepshow columnist, but with care and restraint.

I pick this one subject of trade with Red China not as a subject of discussion but as an item about which there is a current whispering campaign. Who started it is not quite clear, but it does go the rounds.

Sometimes, the sentence is varied to sound like this: "Isn't it true that if we trade with Red China we shall wear them away from Soviet Russia?"

Forty years of history mean nothing in such a gossip mill. The nature of the Marxist-Leninist imperialist development in Asia is ignored. The excuse for ignorance

is that it is logical that Soviet Russia and Red China should break.

But why is it logical? What has happened since 1930, when the Chinese Communist party was

The Nation Today

By WILLIAM L. RYAN

AP News Analyst

Only a few days ago Secretary of State Dulles announced the time had come to stand against "indiscipline and weakness" in foreign affairs. Now the Supreme Court issues a call to the administration for resoluteness on the home front.

The Supreme Court decision Monday may have demolished a number of weapons in the arsenal of the South's opponents of integration. The decision will make it more difficult for the opponents to fall back on a series of devices designed to slow the course of integration.

But at the same time the court action turned the spotlight once again on the Eisenhower administration.

The court spoke unanimously, with unmistakable clarity the Constitution is beyond ingenious schemes to avoid its meaning. No state officer can "war against the Constitution without violating his undertaking to support it."

The cold war over integration has raged for almost five years. There is no reason to believe the end is yet in sight. But Monday's court decision seems a severe setback for anti-integrationists.

As far back as 1954 the Supreme Court ruled that segregation in public elementary or secondary schools was unconstitutional. A year later the court struck down the doctrine of "separate but equal" schools and ordered segregation to proceed with "all deliberate speed."

Gov. Orval E. Faubus of Arkansas and his supporters, to say nothing of other Southern officials, went to work to build a stock of weapons with which to fight the court's order.

Among these weapons was a law which would abolish the state public school system and replace it with another in which Negroes

would go to public schools supported by state funds. Whites would attend nonprofit private schools subsidized by the state.

The court has declared this an attempt to nullify the Constitution with "evasive schemes" to perpetuate segregation.

The decision may have all but wiped out several other weapons. Among these was a scheme to permit white students to transfer as they please from one school to another. In effect, then, schools would remain segregated. Another would have permitted installation of segregated classes within theoretically integrated schools.

The court already has spoken out against "evasive schemes." Such devices probably would fall quickly into that classification in any test.

The court has taken into consideration the difficulties of integration in many areas and has spelled out what is meant by "deliberate speed." There are circumstances in which the district courts can make sure that appropriate arrangements have been made to put the desegregation program into operation with as little uproar as possible. What the court really demands now is a show of good faith in complying with its orders.

Early in the integration row,

the administration gave every indication it intended to use whatever power might be necessary to carry out the law as interpreted by the court. But the quarrel went on over the past four years and the administration's plans for dealing with it were never abundantly clear.

Now some of the key arguments of the segregation forces have been struck down by the high court. It has defined the law. The administration is charged with enforcing the law.

ENTER KROGER'S Big Bonus Bonanza!

Win New Top Value Catalog Premiums . . .
Weekly Winners in Every Kroger Store

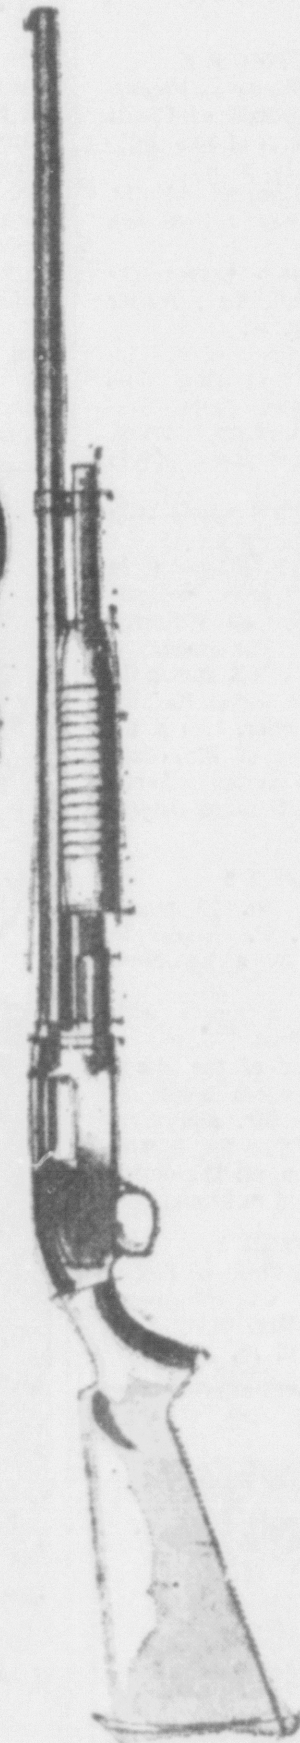

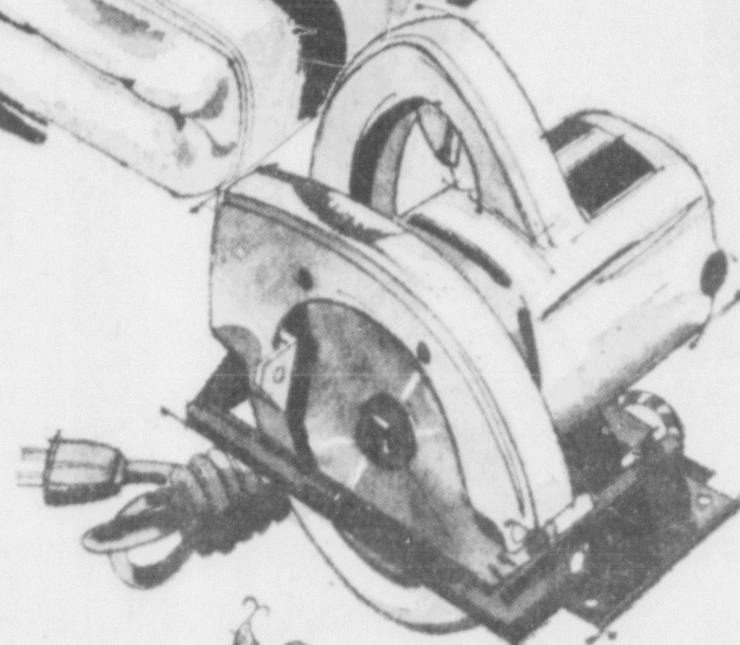

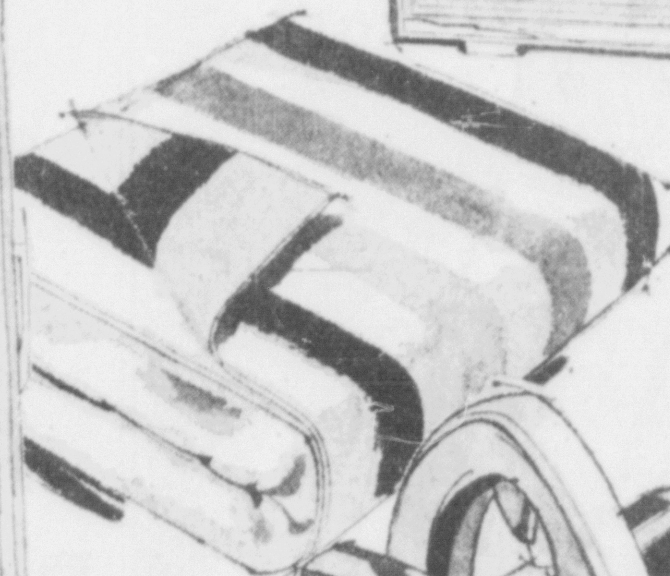

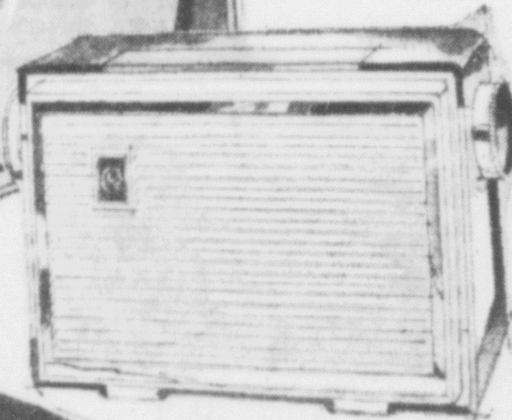

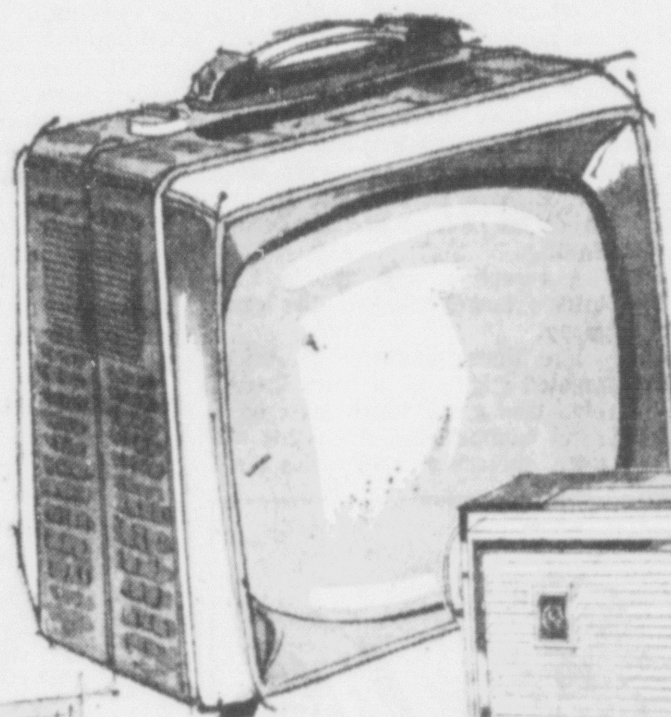

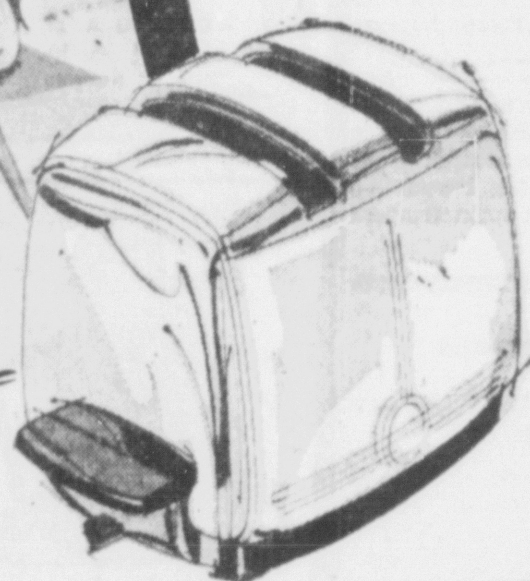

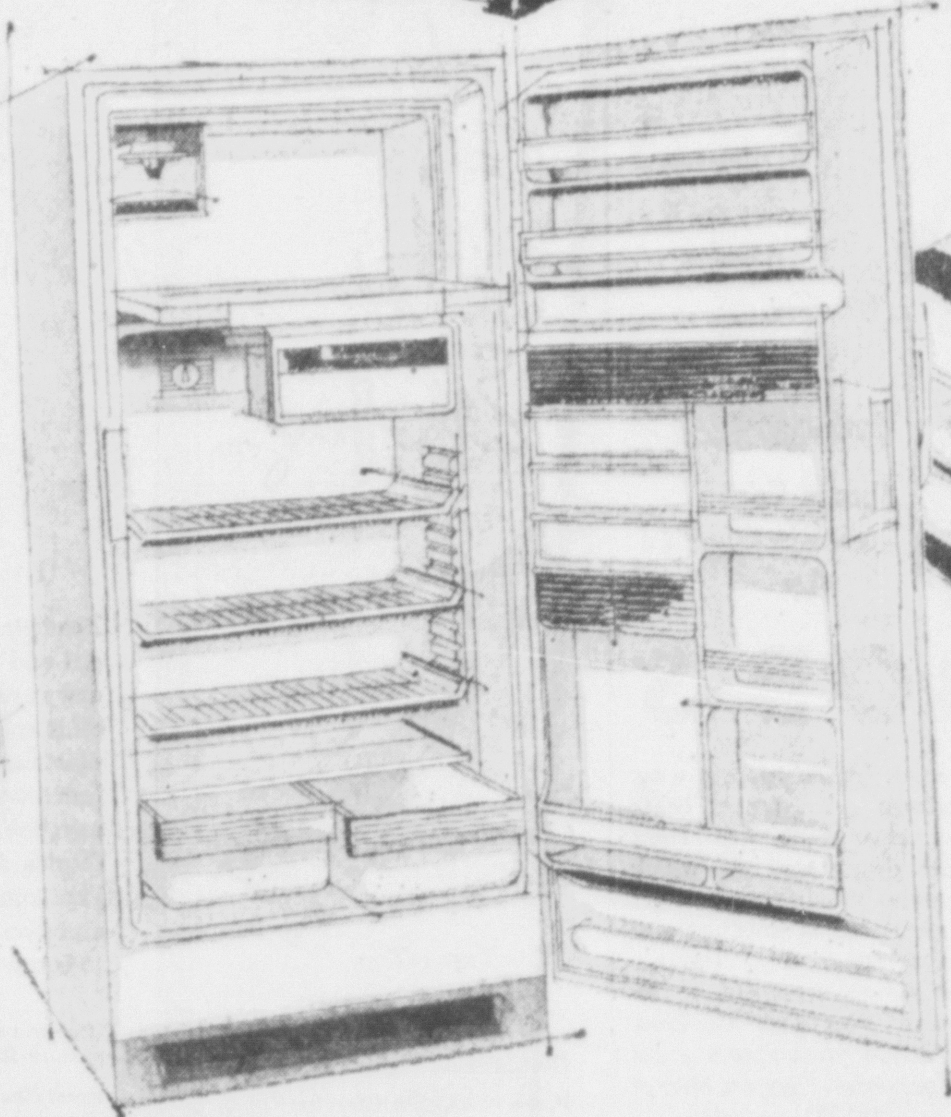

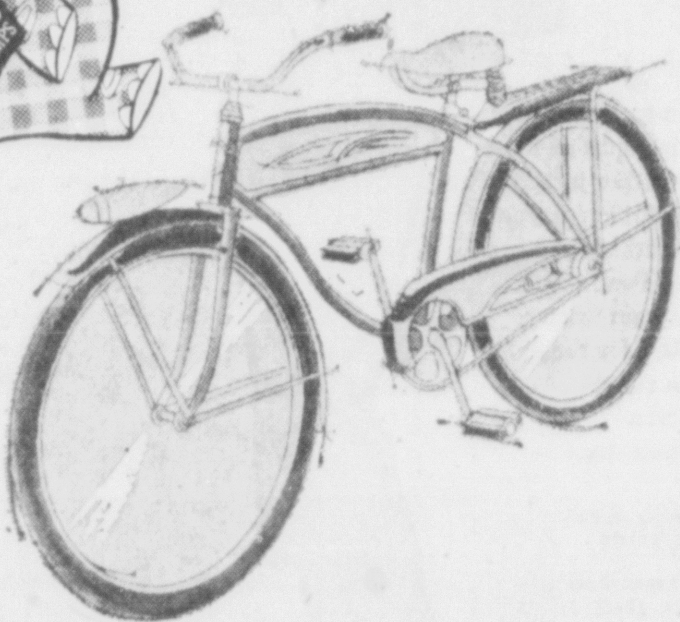

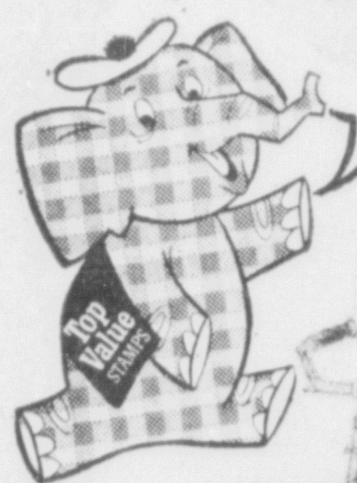

Every Saturday, beginning Oct. 4, 1958, two prizes each week will be awarded in every Kroger store. Names will be drawn from entry blanks you deposit at the store. These two prizes will have a Top Value Stamp book value of up to 5 books. On the fifth and final week, the GRAND PRIZE award will be your choice of any prize in the gift catalog. Just follow the instructions below and you too have a chance to win.

Go to your Kroger store and pick two favorite gifts from the NEW Top Value Gift Catalog . . . one with a value up to 5 Top Value Stamp books, one with no limit to the stamp book value. Mark the catalog numbers of these two favorite gifts with your name and address on an award entry slip in your Kroger store and drop in the BIG BONUS BONANZA box there. That's all there is to it!

PICK UP
YOUR NEW
TOP VALUE CATALOG
AT KROGER
It's Free!

Pick your favorite premium every time you shop

Have each member of the family pick their favorite gift each time they shop. It's fun and you'll see why so many thrifty homemakers save Top Value Stamps.

Winners will be announced and posted in your Kroger store weekly. Kroger employees and their families are not eligible to enter.

Miss Joan Campbell Weds Mr. Charles Douglas Sunday

MRS. CHARLES WILLIAM DOUGLAS

Glowing candles in candelabra, white emerald foliage and floral arrangements of white gladioli and Chrysanthemums decorated the Dublin Community Church in Dublin for the Sunday afternoon wedding of Miss Joan Elizabeth Campbell, daughter of Mrs. William N. Huron, formerly of Washington C. H., now living at 4812 Bellann Rd., Columbus, and the late Mr. Herbert Condon Campbell, and Mr. Charles William Douglas, son of Mr. and Mrs. James S. Douglas of Saxapahaw, N. C.

The Rev. T. C. Schoonmaker performed the ceremony at 4 o'clock. The bride, escorted down the aisle by her step-father, Mr. William N. Huron, was met at the altar by her brother, Mr. C. William Campbell of Wichita Falls, Tex., who gave her in marriage.

She was lovely in a gown fashioned with a white Chantilly lace bodice with pearl and sequin trimmed Sabrina neckline, and an Italian silk skirt with a chapel train. The long sleeves tapered to points over the hands. On her head she wore a crown of Chantilly lace, sequins and bridal illusion. She carried cascades of Stephanotis, pink demure sweetheart roses, centered with three white carnations atop a Prayer Book.

Miss Margaret Alice Campbell was her sister's maid of honor and the bridesmaid was Miss Jeri Boyland and serving as junior bridesmaid was Miss Patty Lou Williams of Washington C. H., a cousin of the bride.

The little Misses Jill and Christy Campbell of Wichita Falls, nieces of the bride, were flower girls. The bride's attendants and the flower girls all were attired in iridescent emerald green trapeze gowns which were tied in front and floated from the shoulder in the back. With this they wore matching hats of horse hair braid with veils. They carried bouquets of glimmering white foliage centered with three aqua fugii chrysanthemums and showers of matching satin streamers.

Master Douglas Campbell, nephew of the bride, was ringbearer. Mr. Tony Bartimore of Pittsburgh, Pa., was bestman for Mr. Douglas. Serving as ushers were Mr. Richard D. Ricketts, Mr. W. Frederick Laderer and Mr. Donald Smith.

A reception was held in the bride's home following the ceremony. Mrs. Huron, mother of the bride, greeted guests in a Dior French blue lace gown which featured a satin cummerbund. With this she wore matching accessories and

Beta Sigma Phi Sorority Dance Held Saturday

Mr. and Mrs. Elmer Haymaker entertained members of Ohio Zeta Upsilon and Xi Beta Psi chapters of Beta Sigma Phi sorority with a square dance in their gaily decorated barn Saturday night.

A red and white color scheme was used for the attractive decorations.

The Carl Wilt orchestra provided music for dancing. Mr. Wilt also emceed the hula hoop contest which was won by Mrs. Earl Downs and Mr. Ray Jennings. They were awarded gifts of "a bag of chicken feed" and "a jug of genuine corn."

Refreshments were served throughout the evening.

Highlighting the affair was a cake walk which closed the evening's festivities. A large decorated cake was presented to Mr. Robert Allen.

Assisting Mr. and Mrs. Haymaker were Mr. and Mrs. Robert Olinger, Mr. and Mrs. Floyd Hoppes, Mr. and Mrs. Maynard Hoppes and Mr. and Mrs. Harry Fiehorn.

Additional guests were Mr. and Mrs. Rodney Sheline, Mr. and Mrs. Donald Miller, Mr. and Mrs. Eugene Fitzpatrick, Mr. and Mrs. Jack Sollars, Mr. and Mrs. Ray Jennings, Mr. and Mrs. Guy Briggs, Mr. and Mrs. Robert Allen, Mr. and Mrs. Eugene Alkire, Mr. and Mrs. Earl Downs, Dr. and Mrs. Charles Piersick, Mr. and Mrs. Elmer Reed, Dr. and Mrs. John Richards, Mr. and Mrs. Tom Hodson, Mr. and Mrs. Joe Loudner, Mr. and Mrs. William Haines, Mr. and Mrs. Virgil Lowe, Mr. and Mrs. Roy Pearce, Mr. and Mrs. Ansel Kirkpatrick Jr., Miss Madeline Denen and Mr. Russell S. Ebert Jr.

tailored white fugii chrysanthemums were attached to her clutch purse.

The Joe Weisberg Combo provided music for the reception.

Upon their return from their wedding trip to Pittsburgh, they will reside in Ciudad Trujillo, Dominican Republic.

The former Miss Campbell was graduated from Washington C. H. High School and attended Ohio Wesleyan University where she was a member of Chi Omega Sorority. She has been associated with M. E. Wickes Insurance Agency and has been a soloist with the Joe Weisberg Combo.

Mr. Douglas, under contract with the Pittsburgh Baseball Club, has been pitching with the Columbus Jets. He was graduated from Eli Whitney High School in North Carolina and attended Elon College before joining the Pirate organization.

It's a good idea to buy green-tipped bananas that are free of bruises and let them ripen — become speckled with brown — in your own home at room temperature.

Mrs. Huron, mother of the bride, greeted guests in a Dior French blue lace gown which featured a satin cummerbund. With this she wore matching accessories and

Supper Enjoyed By WTH Class

A barbecue supper in the home of Mr. and Mrs. Clifford Foster was enjoyed by members of the Willing To Help Class of the McNair Presbyterian Church and their husbands Monday night.

Following the supper, Mrs. Martin O'Call, class president, conducted the business session and gave the devotions. Mrs. O'Call read the Scripture and prayer was offered by Mrs. Jerry Snyder.

Plans were made for the Thanksgiving Praise Service which will be an all-day service at the church.

It was announced that delegates from the church will visit the Presbyterian Home at Sidney Oct. 16.

A basket was prepared for a needy family.

The class plans to buy two dozen hymnals for the church.

The Rev. and Mrs. Jerry Snyder were guests of the class.

Party Honors Diane Varney

Diane Varney celebrated her eighth birthday Saturday afternoon with a party in the home of her parents, Mr. and Mrs. Orley Varney Jr.

Games were played with prizes being won by Karen Garringer and Sharon Flowers.

Refreshments were served to the guests seated at one long table.

Mrs. Dean Trimmer assisted Mrs. Varney in the afternoon's hospitality.

Guests were Jennifer Jette, Judy Riber, Kathy Molloy, Sharon Flowers, Karen Garringer, Pamela Williams, Diane Henk, Jackie Jordan, Sharon and Brenda Trimmer and the guest of honor's younger sister, Tana.

Mail Bag Club Meeting Set for Thursday

The Buckeye Chapter of the International Mail Bag Club will meet in the Bloomingburg home of Mrs. Arlie Ashbaugh at 7:30 p. m. Thursday instead of Tuesday as was previously stated.

Mrs. Donald Merrideth will be the hostess.

It's a good idea to buy green-tipped bananas that are free of bruises and let them ripen — become speckled with brown — in your own home at room temperature.

Mrs. Huron, mother of the bride, greeted guests in a Dior French blue lace gown which featured a satin cummerbund. With this she wore matching accessories and

Grace Church WSCS Holds Bible Study

The second lesson of the Bible Study Class of the Women's Society of Christian Service of Grace Methodist Church was held in Fellowship Hall Monday afternoon.

Mrs. Dwight B. Nelson opened the class and revised the first lesson for better connection and understanding.

Mrs. Virgil D. Dwyer was leader of devotions which consisted of a hymn with Mrs. B. E. Kelley playing the piano accompaniment, a poem and prayer. Mrs. Dwyer closed with the poem "Life's Mirror," which stated in part: "Keep your soul clean and shining, that God's light will shine through. It is just what you are within, that will come back to you."

Mrs. Earl P. Grimm presented the first party of the study, "Sin," and had as her assistants, Mrs. Noah E. Parrett, "Judgement," and Mrs. Robert R. Meriweather, "Isaiah, as a Statesman."

Each one gave highlights of their respective subjects. It was shown that down through the centuries, even yet today, some of the same difficulties existing that have prevented the world being a Christian and peaceful world.

Mrs. Ed Fite and Mrs. Clyde Smith read quotations from the book of Isaiah.

Part two of the study was a panel discussion with Mrs. L. J. Poe as moderator. Mrs. William Junk, Mrs. Claude Davis, Mrs. Edith C. Acton and Mrs. Arch O. Riber gave responses to the questions which concentrated on the requisites "that we must trust in God, do our part, and live by the pattern which God planned for us."

Mrs. Nelson closed by saying, "God is the God of all people and has the power of judgement—and God's laws are the same—yesterday, today and tomorrow."

DOUBLE-FACED wool jersey in heathered pale blue and taupe is used for a fall dress by Tina Leser. An attached panel can be worn over the shoulders as a shrug or over the head as a hood.

Personals

Miss Mildred Taylor was the weekend guest of her cousins, Dr. and Mrs. Edgar Lotspeich and family, of Cincinnati.

Mr. and Mrs. Earl G. Allison of the Bogus Rd. have returned from a vacation trip through the southern states.

Washington C. H. WCTU Meets in Smith Home

Arrangements of fall flowers decorated the home of Mrs. Minnie Smith for the Friday afternoon meeting of the Washington C. H. Women's Christian Temperance Union.

The meeting was opened with the group singing a hymn. Mrs. Smith read an article and gave the Scripture reading.

A card was sent to Mrs. Frank Christopher, a member who has been ill.

Refreshments were served to the 12 members present by Mrs. Smith and the assisting hostesses, Mrs. Ella Willis and Mrs. James Purcell.

Ohio Principals To Meet

Stereophonic Sound Wins Fans Rapidly

Devotees Declare It's Successor To Old Music Box

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The music box which has made such a remarkable comeback since the war today has a fast growing baby brother.

Stereophonic sound, its fans declare, will sweep the country the way high fidelity and the long-playing records did before it. What this may do to the already established older forms of the phonographic industry no one is quite sure yet.

Stereo is a new starter but its enthusiasts think sales soon will reach the 500,000 sets a year mark, or about one-tenth of the total phonograph business.

The latest entry into the home music field is the device that makes you think the sound is coming from all sides of the living room, instead of just from the box in front of you. With some effort and a bit of cash your present hi fi equipment can be enlarged to take on stereo. Or you can start from scratch and buy a new stereo set outright.

For records you now have about 500 titles from which to choose—or just about one month's production of long playing records. But more stereo records are being rushed to market.

The older manual records—millions of them—can't give you stereophonic sound and the phonograph industry wouldn't be too happy to see this investment of theirs outdated. The oldies can be played on a stereo set but they go on sounding manual.

Stereo calls for new records, new needles and a different cartridge, for two amplifiers and two speakers.

On the standard - long playing record sound waves are recorded on one side of the groove. On a stereo record, one part of the sound is recorded on one side of the groove and the other part of the sound on the opposite side. The needles pick up both parts of the sound and the needle and cartridge separates them and sends them to different amplifiers and different speakers.

The stereo needle has to be even smaller than the one used for long-playing records and must be rounded to keep it from cutting into the record.

Phonograph and record makers are launching a campaign in October to educate people to stereo—what it is and what it isn't.

Howard A. Lathrop

H. A. Lathrop To Speak at Pork Banquet

A nationally known authority on nearly all phases of agriculture, Howard A. Lathrop, will be the principal speaker at Thursday night's annual banquet of the Fayette County Pork Producers Assn. in the American Legion Hall.

Lathrop is well known to many Fayette County farmers, because he was one of five speakers on the agronomy program held here last June.

Lathrop has spoken at hundreds of farmer meetings during his more than 34 years in agriculture. In addition, he has appeared on radio and television and has written articles for such leading publications as Successful Farming, Prairie Farmer, Farm Journal, Capper's Farmer and Farm Quarterly.

Born and reared on a Wisconsin farm, he is a graduate of the University of Wisconsin and holds bachelor's and master's degrees in agriculture. He joined the Wisconsin Extension Service shortly after graduation and was a county agricultural agent for 22 years.

WITH THIS experience in helping tax farmers with practical, down to earth programs, Lathrop qualified for his next position—extension agronomist at Purdue University, West Lafayette, Ind., he served as an agronomist for Purdue for eight years and was employed by nitrogen division in 1954 in his present position as mid-west agronomist.

A great believer in trying out new ideas in agriculture, Lathrop operates on the principle that "beaten paths are for beaten men."

Married and the father of four children, Lathrop lives in West Lafayette.

The banquet will be held at the American Legion Hall at 7 p. m. It is sponsored by the Fayette County Pork Producers Association which is active in the overall swine program for the county.

Your Red Feather Agencies

Community Activity Fund Adds Color to 'Special Days'

EDITOR'S NOTE: This is the third in a series of articles about agencies sharing in the Fayette County Community Chest budget. The annual campaign, with a goal of \$23,750 will get under way Monday.

By WILLIAM STOUGHTON
Manager, Chamber of Commerce
Christmas, Halloween and the Fourth of July are three of the happiest times of the year. On these days children have the best times of their lives.

These three festivities get a small part of your dollar goes when you contribute to the Community Chest drive which will be held in Washington C. H. and Fayette County during the first week of October.

A portion of the Chest budget is allotted to the Community Activity Fund. The Community Activity Fund is handled by the Washington C. H. Chamber of Commerce. A committee of five persons is appointed by the president of the Chamber to set up the budget and to see that the expenditures are made to the best advantage of the people of Fayette County.

It helps support the Jaycee Fourth of July celebration at Community Park, the Halloween Parade down the main part of town to Gardner Park and the annual visit of Santa Claus with the decorations that light up Washington C. H. during the Christmas season.

YOU WILL BE THERE on a hot summer day when the families of Fayette County are kept safely at home.

The Community Activity Fund is just one of the 10 agencies of the Community Chest, so when you give, remember the many different organizations and persons it helps in Fayette County. Let's make this a banner year and support the Community Chest so that the goal can be achieved.

Final plans of the program will be completed at the meeting of the directors Tuesday evening.

home enjoying the Fourth of July activities held by the Jaycees. They start with the popcorn popping early in the morning, last through the afternoon games, and end with the fireworks in the evening. It is hard to forget the memories of a Fourth of July celebration.

It is equally hard to forget the laughs of your son and daughter marching in the Halloween Parade to the football field. Maybe your son or daughter won a prize for the silliest mask. Again the youth of Fayette County and Washington C. H. were taken off the streets and given entertainment that you enjoyed as much as they did.

When the snow is up to your hoetops, you are again helping your family and the community that you live in, by supporting the Community Chest and the Community Activity Fund.

One year Santa came in a helicopter, then in another year he arrived in town in Chief Hall's fire engine. Want to try to figure out how he'll arrive this year? Well, he will have trouble arriving if funds aren't made available. Reindeers have to eat you know. It is hard to figure out how Santa will arrive this year.

Maybe it will be in a police cruiser, a sputnik or maybe by dog sled. But however he arrives we want our town to look like the North Pole when he gets here.

IF YOU WONDER where your dollars go when you contributed to the Community Chest, remember Santa Claus, treats for the kiddies, Christmas decorations, the big tree on the Courthouse lawn, the Fourth of July and the Halloween parade. Could you name a better place?

The Community Activity Fund is just one of the 10 agencies of the Community Chest, so when you give, remember the many different organizations and persons it helps in Fayette County. Let's make this a banner year and support the Community Chest so that the goal can be achieved.

Wellston Checking All Grid Players for Polio

JACKSON, Ohio (AP)—Officials at nearby Wellston High School are checking the 46-man football squad to see how many have had polio vaccine. First string center Bill Aberts, 17, became ill after a game against Athens Friday night and is in Columbus' University hospital undergoing tests.

Ohio's Idle Pay Fund Is Seen Leveling Off

COLUMBUS, Ohio (AP)—The average weekly drop in the state's jobless pay fund has decreased from \$4,250,000 to \$3,490,000, State Treasurer Roger W. Tracy says. This is "an apparent leveling off of the weekly requirements for benefit payments" since June, he said Monday.

Combine Kills Farmer

FINDLAY, Ohio (AP)—His clothing caught on a shaft, and 57-year-old Lawrence People was pulled into a combine and crushed Monday. The accident happened on his farm about four miles south of here.

The Canada goose is a smart bird. It flies in V-shaped formations to give clear vision and a minimum of air resistance. A goose and a gander mate for life. No divorcees.

Do FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

News of Fayette Men in Service

Pvt. Oliver L. Iden, son of Mrs. Grace Iden, Bloomingburg recently completed eight weeks of basic combat training under the Reserve Forces Act program at Ft. Knox, Ky.

Iden is a 1953 graduate of Bloomingburg High School and a 1958 graduate of Ohio State University.

2-Day Strip Mining Tour To Start Today

CAMBRIDGE, Ohio (AP)—More than 40 officials of the state strip mine board of review and private industry began a two-day tour of Ohio's strip mining area today, traveling by bus through Tuscarawas, Stark, Columbiana and Mahoning counties. After an overnight stop at Steubenville, they'll visit Jefferson and Harrison counties.

Capt. William Kidd, American ship captain, and nine of his men were hanged for piracy in London in 1701.

The Record-Herald Tuesday, Sept. 30, 1958 7

Dairymen To Tour COBA Bull Farm

Fayette County farmers are invited to tour the Central Ohio Breeding Assn. bull farm, near Alton, Thursday. The tour has been arranged by the Fayette County Dairy Assn.

May Fayette County dairymen have had an opportunity to visit the bull farm. However, many others have never been there or at least not in recent years.

An attempt is being made to pool transportation and if farmers who are interested will call the extension office, arrangements can be made to go in a group and share transportation expenses.

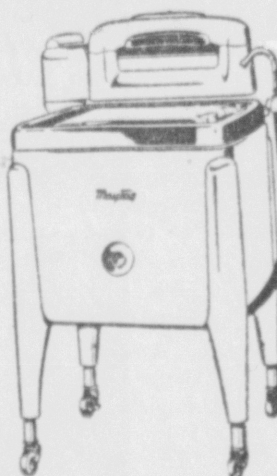

The group will leave the extension office, 319 S. Fayette St., Thursday morning at 9:30 After touring the facilities at the farm, lunch will be provided by the COBA. The group will return in mid-afternoon.

Approximately 600 Fayette countyans are members of the COBA.

Cincinnati UAW Men Back on Jobs Again

CINCINNATI (AP)—United Auto Workers Union employees were at their jobs again Monday at Ford Motor Co.'s Fairbairn and Sharonville transmission plants after a 12-day strike over issues at the plants. About 3,500 workers were affected. Union workers approved a new contract Sunday.

Warren Keeps Top Grid Spot By Tiny Margin

Tie Games Bring Odd Circumstances to Ohio Football Poll

COLUMBUS, Ohio (AP)—A set of peculiar circumstances kept Warren's Black Panthers in first place today in The Associated Press high school football poll of 42 sports writers.

Coach Gen Slaughter's team was tied 16-16 by Cleveland Cathedral Latin's big and talented squad. Latin actually had the game won, 18-16, but a two-point conversion was erased by a holding penalty—and the Panthers couldn't repeat for the extra points from the 18-yard line.

A defeat would have dumped the Panthers from the top rung. The other circumstance which kept Warren on top was Alliance's 8-8 deadlock with second-place Massillon. Had the Tigers taken the Aviators, Massillon undoubtedly would have moved around the Panthers.

But, as a result of the two ties, the four participants are grouped at the top of the poll ladder, Warren clinging to first, Massillon second, and Cathedral Latin and Alliance moving up three notches each to third and fourth, respectively.

Only one change in the top 10 personnel was achieved by the weekend firing. Hamilton's Big Blue, after two impressive wins, was dumped 22-14 by Newark's sturdy Wildcats. That dropped Hamilton from a fourth-place tie with Springfield to among the also-rans, and Toledo Libby's three-game winners eased into ninth place to fill the gap.

All except the two leaders changed places. Cleveland Benedictine's defending champions skidded from third to fifth after an 8-6 win over Cleveland John Adams; Springfield wound up seventh despite a 22-12 win over Portsmouth; Mansfield, Warren's next foe, climbed from tenth to sixth with a 12-0 victory over Akron South; Elyria graduated from ninth to eighth with a 20-14 verdict over Lakewood, and Youngstown East, despite a 20-0 nod over Youngstown North, slipped from eighth to tenth.

Threatening the leaders are Junior Farrell's Barborton Magics, just two poll points out of the top 10, and Newark, another point back. Troy, which has won 30 straight for coach Lou Juillerat, has started to move up and is in 17th place.

From here and there: Paul Warfield, Warren's state broad jump champ who scored all three touchdowns a week ago in the 18-6 win over Canton McKinley, scored both Panther six-pointers against Cathedral Latin as he ran 111 yards in 8 tries. Latin, which had all the better of the statistics, allowed Warren only 22 scrimmage plays. The tie was the first for Warren since the 7-7 deadlock with Toledo Waite in 1949—some 80 games ago.

Mel Knowlton of Alliance is the nemesis of Massillon Mentors. Mel, former coach of the year, defeated Chuck Mather the first year Chuck was at Massillon, and did the same to Tom Harp. This time he tied Leo Strang in his debut season.

Jimmy Mumme of Painesville Harvey, 1957 scoring leader, tallied 32 in Friday's 50-12 romp over Ashabula and now has a three-game total of 84. Marion Harding whipped Lorain 30-20, with each of the starting backs contributing a touchdown.

Carey's Blue Devils were 20-0 back of Clyde at the half, but rallied for a 32-20 win as Charles Dasher of the Blue Devils went 91, 56 and 28 yards for touchdowns. Fremont Ross, with a 30-game winning streak the last three years, dropped its openers to Cincinnati Purcell and Toledo Waite and then got back on the victory trail 16-7 over Fostoria.

THE TOP 10		
Team	Pts.	Score
Warren Harding (4)	254	41-22
Massillon (5)	254	56-8
Cleveland Cathedral Latin (2)	228	50-28
Alliance (2)	228	50-28
Cleveland Benedictine (3)	141	76-12
Mansfield (6)	129	72-8
Springfield (3)	124	72-12
Elyria (3)	96	97-14
Toledo Libby (4)	73	74-46
Youngstown East (3)	85	42-14
Others:		
Barborton (1) 53; Newark (3) 32; Toledo Scott (1) 47; Canton McKinley 40; Marion Harding (2) 34; Hamilton 31; Troy 30; Austintown Fitch 28; Poland 27; East Palestine 25; Wellington 19; 24; Zanesville 23; Logan 15; Bexley (1) 17; Dayton Col. White 16; Dayton Chaminade (1) 14; Portsmouth 13; Cuyahoga Falls 12; Columbus South (1); Campbell Memorial and Steubenville 10; Springfield Catholic and Toledo DeWitt 9; Cincinnati Roger Bacon, Parma, Columbus Aquinas and Painesville Harvey 8 (35 other schools poll 1 to 7 points.)		

Craft Is Returned To Athletics' Helm

KANSAS CITY (AP) — Harry Craft, who led the Kansas City Athletics to their best season since 1932, will manage the team again next year.

Arnold Johnson, owner of the A's, said Monday that Craft had signed a one-year contract at a substantial salary increase. He didn't say how much Craft would be paid.

Under Craft, the Athletics finished seventh in the American League, just as they did in 1937. But this year's team had a 73-81 record, a vast improvement over the 59-94 record of last year.

Mayo Smith Is New Pilot Of Redlegs

CINCINNATI (AP) — Mayo Smith will be the manager of the Cincinnati Redlegs next season and if he believes in the magic of numbers he probably thinks he has a pennant winner coming up.

The Redlegs won the National League pennant in 1919. Twenty years later in 1939 they won again. Now 1939 is coming up.

Of course, Cincinnati also won in 1940 so Smith, who was manager of the Philadelphia Phils only a little more than two months ago, might have to wait until 1960.

The contract he signed Monday, however, with Cincinnati is only a one-year agreement.

As manager of the Redlegs, who finished fourth for a second straight season, the 43-year-old Smith succeeds Birdie Tebbetts and Jimmy Dykes.

Tebbetts, who took over the Redlegs in 1954, quit last Aug. 14 because, he said, he thought it would be best for baseball in Cincinnati. Dykes finished out the season as an interim manager.

Before he quit, Tebbetts had taken a terrific beating from Cincinnati's fans because the Redlegs failed to live up to preseason expectations. They were in last place when Tebbetts bowed out.

Smith's major league experience covers less than four seasons as a manager and only 73 games as a player. He hit .212 as an outfielder with the old Philadelphia Athletics in 73 contests in 1945.

After a successful record in the New York Yankees farm system as a manager, he directed the Philadelphia Phils to one fourth and two fifth place finishes. His club was sixth when he was ousted last July 22.

Field Goal To Be Browns' Chief Weapon

LOS ANGELES (AP) — Twice this season in the National Football League Cleveland has beaten Los Angeles on a field goal in the last minute of play.

And Cleveland's great coach, Paul Brown, says these teams very well could stage a third and decisive thriller next December for the NFL title.

"We have a better team than we had last year," Brown told football writers after the 30-27 Browns victory Sunday. "So do the Rams. In fact, this may turn out to be one of the best teams the Rams have ever had. We needed the breaks to beat 'em, but we're going to get better later on, too."

Brown was greatly impressed by Ram backs Tom Wilson and Jon Arnett and end Del Shofner. About Bill Wade, Brown commented: "If many other quarterbacks do to our defense what Wade did, we're out of business."

Brown then warmed up to a discussion of his own fullback, Jim Brown, who led all the rushers in pro ball last year.

"Isn't he something special?" asked Brown. "He's what I call a 'longshot runner.' Any time he gets under way he's a threat to score a touchdown. He weighs 228, is tremendously powerful, yet he's only 32 inches around the waist. Isn't that a terrific structure for a man?"

The Rams agreed Defensive Capt. Les Richter said the Rams' failure to gang tackle Jim Brown cost them the ball game. "One man can't handle him," Richter said. "We had the first man there in the right spot nearly every time but we didn't get up fast enough to help him."

Patterson-Valdes Match Is Uncertain

NEW YORK (AP) — Manager Gus D'Amato still won't say for sure whether heavyweight champion Floyd Patterson will defend his title against Cuba Nino Valdes, or someone else, in Madison Square Garden, Dec. 2.

"Too much has been said already," said D'Amato, "especially about opponents. You know I don't like to disclose any details about any of Floyd's fights until everything is settled."

"There's still a chance for a fight in the Garden but that's all I'm going to say."

The manager did say that Patterson was keeping busy by working out at four training camps upstate.

Valdes, 34-year-old contender, also is in training. His manager, Bobby Gleason, has been trying desperately to get the title shot.

About a century ago there were about 200 skin-diving miners who dug coal from the bed of the Black Warrior River 50 miles upstream from Tuscaloosa, Ala.

Lion Offense Average 5.86

Better Blocking Noted by Coaches

The WHS Lions are averaging about six yards every time they get their hands on the ball.

Through the first three games the Lions are averaging 5.86 yards per carry on 145 running plays and nine yards per forward pass. The Lions have outgained their opposition 941 yards to 378. In penalties the Washington C. H. eleven has lost 199 yards to the opposition's 110.

Ronnie Shackelford continued to head the rushing corps with 411 yards in 47 carries for an 8.74 average per carry. He was helped considerably last Friday against Hillsboro when he ran for 69 yards, the longest run of the season.

Jerry Sheppard has carried 36 times for 216 yards. Gil Crouse has gained 153 yards on his 27 carries. Gil Thomas has picked up 32 yards on six carries. Buddy Lynch in the passing department has tossed 15 passes with 10 completed for 95 yards and one touchdown.

COACH Fred Domenico said after the grading of offensive blocking in the Hillsboro game that the Lions showed "marked improvement." Ronnie Carter continued to lead the blocking average on the team. Bob Huff showed a 33 per cent improvement. End Tom Seaman was "considerably better". Other linemen to improve their blocking last week included Jim Meyer, Jack Hamilton and Jack Wilson.

Wilson is the leading pass catcher for the first three games with six caught for 69 yards and one touchdown. Seaman has snagged four for 42 yards. Leading scorer is Shackelford with 26 points. Lynch and Crouse had scored two touchdowns. Sheppard and Wilson have each hit the goal line once. Bob Huff has kicked one extra point.

Tuesday night the Lions will work on offensive plays of their Friday opponent, Little Miami, which will be played at home.

Solly Hemus Eyes Shakeup Of Cardinals

ST. LOUIS (AP) — Little Solly Hemus has been installed officially as the sixth St. Louis Cardinal manager in eight years and he's indicated there will be a good bit of lineup shuffling.

Hemus, 34-year-old former infielder for the Cards who came here from the Philadelphia Phils, said "The club needs more punch, pitching and greater depth."

General Manager Bing Devine chipped in his agreement that a number of trades would be necessary to restore the Cardinals as a pennant contender. "We've already talked to some clubs, particularly Cincinnati and San Francisco, and Roy Hamey, Philadelphia general manager, and I will definitely get together during the Series," Devine said.

Hemus said he himself would be seen on the playing field next year. "I'm in condition to play 100 games. I don't think I'll play that much, though. Don Blasingame (Cardinal second baseman) is one of the finest in the league, but if conditions warrant me pinch-hitting or playing defensively in late innings, I'll go in."

If so, Hemus would be the only playing manager in the majors. Veteran outfielders Del Ennis and Wally Moon both had the worst season of their careers this year and are expected to be high on the list of Cardinal players up for trade.

The Cards will probably make a bid for hard-hitting rookies Willie Kirkland and Felipe Alou of the Giants.

Part of the coaching shuffle is completed. Harry Walker was brought up from Houston and Johnny Keane, manager of Omaha, was added. One or two more coaches will be named later.

Hemus, the personal choice of Cardinal owner August A. Busch Jr., was acquired from Philadelphia in a trade of Gene Freese.

WHS Jayvees Beat Hillsboro

The Junior Varsity followed the pattern set last Friday by the Lion Varsity when they shutout the Hillsboro reserves 8-0 at Gardner Park Monday afternoon.

On the first play from scrimmage Halfback David Reno scampered 82 yards for the lone scoring play of the game. Lorin Powell passed to Mike James for the extra points.

Hillsboro moved the ball well several times, but the Washington C. H. defense was like a concrete wall close to the goal line.

WHS lineup — Mike Helfrich, Mike James, ends; Wes Wilson, Eddie Lee, tackles; Marvin Lucas, Charles Pendergraft, Bob Elcessor, Steve Tway, guards; Benny Garlinger, center.

Backs: Lorin Powell, Wendell Crosswhite, Larry Striblin, David Reno, Gene West, David Armbrust, Maynard Anders, Mike Chakeres, Malcolm Potter.

Football Weather Due For Opener of Series

MILWAUKEE (AP) — Crisp fall temperatures and a few dull clouds are expected Wednesday for the opening game of the 1958 World Series.

The U.S. Weather Bureau said it does not expect any precipitation.

Early morning temperatures will be about 40, but will climb into the low 60s by game time.

IT'S SO EASY TO PLACE A WANT AD.

BUREAU PREMIUM

GIVES CLEAN LUBRICATION

Farm Favorite
Because
IT CLEANS AS
IT LUBRICATES

Unico Bureau Premium H. D. does more than lubricate. It cleans as it lubricates, guards against oxidation, sludging, gum formation and carbon. It protects your engine against wear, keeps rings free and assures low oil consumption. For gasoline engines in severe operating conditions and for diesels, you just can't beat Unico Bureau Premium H. D. Motor Oil.

ONE GREASE • ONE GUN
for Every Farm Lube Job

Don't tie up your money in a big grease inventory. Use Unico B-550 Multi-Purpose Grease for all lube jobs. B-550 won't melt, won't wash out of shackles or water pumps. It's a time and money-saver.

FAYETTE COUNTY

FARM BUREAU CO-OP

Democrat Rally Here on Oct. 7

Stephen M. Young To Be Main Speaker

Fayette County Democrats today are getting ready for a party campaign rally in Memorial Hall here on Oct. 7.

Details for the program have not yet been worked out, but Robert Wise, the Fayette County Democratic Central Committee chairman, said arrangements had been completed for Stephen M. Young, Cleveland lawyer and candidate for the U. S. Senate, to be the principal speaker.

STEPHEN M. YOUNG

There will be other speakers, Wise said, but they have not yet been selected.

The county's two principal candidates in the Nov. 4 election will be there, the chairman said, and probably will address the gathering briefly. They are Virtus Kruse, candidate for representative to the Ohio Legislature, and Reed M. Winegardner, candidate for the state Senate.

YOUNG, a trial lawyer, has served four terms in Congress and two in the Ohio General Assembly, was the criminal prosecutor for Cuyahoga County and a member of the state Unemployment Insurance Commission.

During World War I, he served in the field artillery. He also served 27 months in the Army in World War II, much of the time in North Africa and with Fifth Army in Italy where he saw much combat service. After World War II he was military governor of the province of Reggio Emilia, Italy.

He has been awarded the World War I Victory Medal, Bronze Star, European-African-Middle Eastern Campaign Medal, four battle stars, World War II Victory Medal, Order of the Crown of Lally and an official commendation by Gen. Mark W. Clark. He is now a colonel in the Army Reserve.

Both of his sons served in World War II and both were wounded in action.

He also has a daughter. Mrs. Young died in 1952.

95 Hampshires Average \$169

The 47 boars and 48 gilts offered at the fall sale of registered Hampshire swine by the Andrews & Baughn Farm brought a total of \$16,075 for an average of \$169.20 for the 95 head.

The sale was held in the sales pavilion on the Fairground and Paul Good of Van Wert was the auctioneer.

These purebred Hampshires went to farms in eight states — Indiana, Pennsylvania, Illinois, West Virginia, Kentucky, Minnesota, North Carolina and Ohio.

The top boar brought \$700 and went to John Stuber of Denver, Pa. The second high boar brought \$410 and went to Floyd Jackson of near Sabina.

The two top gilts each brought \$340. One went to Carr Brothers of McNab, Ill., and the other to Stuber who bought the \$700 boar.

The 47 boars brought an average of \$173.85 and the 48 gilts averaged \$164.68 each.

Eleven head of unregistered "off mark" gilts averaged \$69.90.

Blessed Events

Mr. and Mrs. William Hunt, 209 E. Circle Ave., announce the birth of twin daughters in Memorial Hospital at 11:18 a. m. and 11:19 a. m. Monday. The first weighed 6 pounds and 6/10-ounces and the second weighed 6-pounds and 5-ounces.

Parakeet Thief Is Fussy

TUCUMCARI, N. M. — Irad Arnold, who raises parakeets, told police 50 of his birds have disappeared. Only the yellow and white parakeets were taken.

WHS Principal To Attend Meeting

John B. Hardin, principal of the Washington C. H. High School, is the only administrator from city and county schools who plans to attend the Fall meeting of the Ohio High School Principals' Assn. to be held Oct. 3 and 4 in Columbus.

The basic feature of this meeting will be the improvement of the high school curriculum through grouping and guidance programs.

Subjects of a three-man panel discussion Friday afternoon will be minimum high school standards, ability grouping, guidance and testing programs. Moderated by Andrew Roper, Middletown Junior High School principal, panelists will be Glenn Rich, director of elementary and secondary education, State Department of Education; Merl Reed, Central Junior High School principal, Lima, and Dean L. Hummel, supervisor of guidance services, state department of Education.

Gov. C. William O'Neill will address the group Saturday morning.

At section meetings on Friday morning, junior high school principals will discuss problems of administering athletics programs, while high school principals will see a "preview of the 1959 models" of the Columbus school system, presented by high school seniors and Joseph L. Davis, Columbus schools director of public information.

Friday evening, President Harold L. Yocum of Capital University will speak.

Others on the program include Edward Fournier, Portsmouth High School principal; I. W. Snyder, Washington High School principal, Massillon; Burr Simpson, Urbana High School principal, and Executive Head Robert A. Regula, Roseville.

Mr. and Mrs. Connell McCoy of near Leesburg have returned home after a week's visit with their son and his family, S-Sgt. and Mrs. James T. McCoy and daughter, Debbie, in Montgomery, Ala. S-Sgt. McCoy is stationed at Maxwell Field.

Mr. and Mrs. Marion E. Dawson, Route 3, Sabina, have named their daughter Rhonda Sue. She was born in Memorial Hospital Thursday.

Dewey Sheidler Receives Award

Service to Scouts Given Recognition

A Washington C. H. adult Boy Scout leader was one of five who were awarded Silver Beavers at the weekend annual convention for adult Scouters of the Central Ohio Council at Capital University.

Dewey A. Sheidler, who has spent 2 years in Scouting, was escorted to the platform for the award by David Morrow of Jeffersonville, an Eagle Scout. Robert Terhune, who holds the Silver Beaver award and is a past president of the Council, read the citation.

The Silver Beaver award, the highest award for adult Scouters, is held by only three other Fayette Countyans, Terhune, David Whiteside and Earl Henderson.

Sheidler, who has spent 12 years in the field of public education and for the last 20 years has had his own insurance agency in Washington C. H., has served the Boy Scouts in many capacities during the last 22 years. Terhune told the convention. He started as an assistant scoutmaster at Jeffersonville, and later at South Solon.

AFTER he organized the first Cub pack in the Fayette district, he served as a den dad. For three years, he was district chairman of organization and extension and is responsible for the formation of many new units in the county. He was chairman of leadership training for three years and is now district vice chairman and has been a member of the executive board of the Central Ohio Council since 1953. His son, Richard Sheidler, is an Eagle Scout.

Sheidler has served on the official board of Grace Methodist Church and has taught Sunday School classes there. A member of the Washington C. H. Rotary Club, he has served on its boy and girl committee. He is a past master of the Jeffersonville Masonic Lodge, a 33rd degree Scottish Rite Mason and a member of the Shrine.

Eastside PTA Meets Wednesday

A meeting of the Eastside PTA will be held 7:30 p. m. Wednesday in the new school building on N. Elm St.

The general business meeting will include a talk by W. A. Smith, superintendent of schools, and a discussion of the sewer levy by a member of the board.

Following the business session, there will be a social hour, during which the parents and guests will have an opportunity to become familiar with the new school and get acquainted with the teachers.

Car Fire Is Put Out By Firemen Afoot

Firemen answered a call 10:10 a. m. Monday on foot to a car at 125 N. Fayette St. A broken exhaust pipe set fire to the 1955 car of Gerald Evans, Sunbury. Firemen put the blaze out with an extinguisher. Damage was minor.

THE REV. TIBBS MAXEY

Church of Christ Rally Here Sunday

The missionary rally to be held at 10:30 a. m. next Sunday in the First Christian Church here will be addressed by the Rev. Tibbs Maxey, president of The College of the Scriptures, Louisville, Ky., the Rev. Don McMillin, pastor of the church here has announced.

The College of the Scriptures, the Rev. Mr. McMillin explained, is a school for the training of Negro ministers for Churches of Christ. It has an enrollment of around 100 students, he said, who are preparing themselves to assist in the new Negro Churches of Christ now being organized in many communities.

The Rev. Mr. Maxey's visit to the missionary rally here, it was said, will be in the interest "of a new development and a new campus" recently purchased in Louisville for expansion of The College of the Scriptures for the increasing enrollment of Negro ministerial students.

11 Cases Ready For Grand Jurors

Eleven cases are ready for presentation when the September term grand jury meets at the courthouse at 9 a. m. Wednesday.

County Prosecutor Rollo M. Marchant said all of the cases have been bound over from Washington C. H. Municipal Court.

Defendants are: Thomas M. Cartwright, 34, of 352 1/2 W. Court St., charged with carrying concealed weapons; Eddie Morgan Jr., 18 of Troy, assault with intent to rob; Hubert B. Rumer, 22, of 613 Fourth St., burglary; Raymond Stone Jr., 26, 310 Cherry St., uttering and publishing a forged check;

LeRoy Oaks, 32, formerly Frankfort, nonsupport.

Amos McCoy, 26, Tennessee, breaking and entering.

Kenneth Lee Holloway, 22, of 601 Gibbs Ave., felonious assault on a juvenile;

Judy Edmondson Groves, 20, Rt. 1, Plain City, uttering and publishing a forged check;

Esther Hoosier, 19, Pike County, malicious destruction of property;

Charles P. Hierman, 27, Pike County, malicious destruction of property;

George Henson, 23, Hamilton, stealing a motor vehicle.

Car Stolen Here Found in Aberdeen

A car owned by Robert Helfrich, which was stolen from E. Elm St. Monday night was reported recovered in Aberdeen Tuesday morning, police said.

Helfrich reported the stolen car to police at 7:30 a. m. Less than two hours later the report came in

on police radio that the Aberdeen police had picked up the car and taken two Dayton boys, ages 14 and 15, into custody.

Police said the youths would be referred to juvenile authorities here. There was no report of damage to the Helfrich 1955 Packard in the custody of Aberdeen police.
